PRICE FIVE CENTS

APPEAL COURT ORDERS NEW TRIAL FOR BOAK

DOUKHOBORS MUST STOP INCENDIARISM

Provincial Police Inspector is Rushed to Take Charge of Situation

Hon. J. D. MacLean Gives Notice of Government's Determination

Doukhobors in British Columbia are going to find out that it does not pay to set fire to public schools and that British law prevails in this country. Hon. J. D. MacLean, Minister of Education, made clear to-day following the news that 800 of the sect had surrounded Premier Oliver and attempted to give him a hot time while he was visiting his daughter's home in Grand Forks.

As soon as the news of the latest school burning at the end of last week reached the Parliament Buildings, the Provincial police forces were thrown into action by Col. J. H. McMullen, superintendent of Provincial police here. Inspector Dunwoodie was yesterday sent from headquarters here to take charge of the hunt for the incendiaries and to cope with the situation brought about by the threats of the Doukhobors against the safety of prominent persons in the Interior.

Dr. MacLean made it clear that the Government was going to stand for no more nonsense on the part of the Doukhobors, and that vigorous action was being taken to make them realize that they are living under British laws.

"We have jailed them, fined them and exerted continuous pressure on them for the last four or five years," Dr. MacLean said. "If they won't learn any other way they have got to be made to know that it doesn't pay for them to burn down Canadian public schools as they have been doing."

MURDER PLOT IS DENIED BY CLUBMAN

San Franciscan Says He Did Not Conspire Against His Sister-in-Law

San Francisco, March 3.—Richard M. Hotelling, wealthy clubman, went before the county grand jury here to-day and denied in detail the charges made by Ralph King, an acquaintance, that he had conspired to kill his sister-in-law, Mrs. Frederick Hotelling, because of a grievance against her. Asked to explain his acquaintance with King, Hotelling said he had known him since childhood and found him a delightful companion. As a result of this friendship he had loaned King money at various times.

The grand jury, after hearing Hotelling's story, continued its deliberations for one week.

King testified he had received \$5,000 from Hotelling as his price for killing Mrs. Fred Hotelling, and that he had given \$3,300 of this to two gunmen.

STOLEN PROPERTY CHARGE A FAILURE

Vancouver, March 3.—Magistrate Shaw to-day dismissed a charge of retaining stolen property against B. I. Biles, commenting that it appeared to him as purely a spite case on the part of the woman complainant, Mrs. L. E. Palmer, from whom the accused is said to have secured a divorce last June.

The charge involved two letters alleged to have been stolen from Mrs. Palmer's home in Port Hammond.

SOVIET TO EXECUTE TWO POLISH OFFICERS

Minsk, Russia, March 3.—Two Polish officers accused by the Soviet authorities of leading an attack across the Russian frontier at Kaldonov last January to-day were ordered shot within seventy-two hours. A third officer killed himself to avoid capture.

No Change To-day in Dr. Sun's Condition

Peking, March 3.—The condition of Dr. Sun Yat Sen, Chinese leader, who has been critically ill since January 26 from the effects of an operation for cancer, was reported unchanged to-day.

NEW SECURITY PACT BEING CONSIDERED NOW IN EUROPE

London, March 3.—This morning's London newspapers give prominence to Paris reports regarding a new international security pact in which Germany will have a share with Great Britain, France and Belgium, and it is said the Cabinet yesterday included this in its deliberations.

While nothing final is believed to have been decided, considerable progress is said to have been made in the direction indicated.

JAPAN READY FOR ARMS CONFERENCE

Tokio, March 3.—Baron Shidehara, Foreign Minister, replying to questions in the upper House to-day, said Japan was prepared to participate in a disarmament conference, should the United States call one, but preferred that the programme be discussed in advance.

NEW SCHEME FOR DISARMAMENT OF GERMAN REPUBLIC

Foch's Committee is Asked by Allied Military Mission to Offer New Suggestions

Chamberlain to Talk With French Leaders When Passing Through Paris

Paris, March 3.—The diplomatic negotiations arising from the report of the Allied Military Mission of Control on Germany's violations of the disarmament clauses in the Treaty of Versailles, bringing sharply to the front the question of the future security of France and Belgium, entered an active phase to-day. It came with the presentation to the Council of Ambassadors of the Allied War Committee's report on the state of Germany's armaments and armed forces.

Marshal Foch, who presented the report, had a long talk with Premier Herriot before the Ambassadors met and the Marquis of Crewe, British Ambassador to France, called on the French Premier just after the Ambassadors had adjourned. These visits gave added importance to the Council meeting, which was one of the briefest the Ambassadors ever held.

SUGGESTIONS INVITED

After hearing Marshal Foch, the Council asked the Allied War Committee "make suggestions which it believes will be capable of assuring the disarmament of Germany according to the Treaty of Versailles."

This is understood in diplomatic circles as showing that the Ambassadors were already convinced that something must be done to oblige Germany to keep her engagements.

The talks Marshal Foch and Lord Crewe had with the Premier were partly with reference to the disposition to be made of the Foch report and partly to consider the question of an interview between Mr. Herriot and Austen Chamberlain, British Foreign Secretary, when Mr. Chamberlain passes through France shortly, either on his way to the League of Nations Council meeting in Geneva or on his way back.

Physician and Two Patients Were Robbed In San Francisco

San Francisco, March 3.—Two armed youths entered the office of Dr. G. Koepfstein here last night, and robbed the physician and two patients of money and valuables of more than \$3,000, according to a report to the police. The robbers made their escape after binding their victims.

FORGED CHEQUES TO LARGE TOTAL CASHED IN U.S.

Montreal, March 3.—Forged Canadian Pacific Railway Travelers' cheques to the extent of approximately \$500,000 have been cashed recently in the United States, it was learned here to-day. Local banking institutions have during the past few days received hundreds of these cheques passed on United States firms and forwarded here for honoring.

It was pointed out at the headquarters of the Canadian Pacific here that the company does not issue travelers' cheques and never did. All these cheques, cashed over the border, therefore, must be forged, officials said.

CITIZENS RUSH TO SEIZE BIG TAX BARGAIN

Two Months of Advance Payments Bring \$118,818 to City Hall

Prepayments of 1924 Period Nearly Doubled

Splendid results from pre-paid taxes is reported by City Treasurer Smith as marking the first two months of the year.

Up to February 28 the property owners of Victoria have paid \$118,818 in advance of receipt of their tax bills. These payments will earn in interest \$5,286 by the time the taxes are due, making the total advance taxes equivalent to \$124,104.

This record is the more interesting when compared with the collections at this time last year, when the city congratulated itself upon receiving \$69,030 of advance payments.

Such large advance payments is of particular interest from the viewpoint of the city's banking accommodation. Besides reducing the necessity for borrowing on the annual loan by-law, the collection of an average of \$2,750 for each full business day since 1925 dawned is an impressive factor in the eyes of bond purchasers.

Earth Shock Was Felt in Italy To-day

Ancona, Italy, March 3.—A strong earth shock occurred here at 1:40 o'clock this morning. No damage was reported.

ONTARIO BOY DROWNED

Cargill, Ont., March 3.—Four-year-old Lloyd Ziegler, of this village, fell through a hole in the ice on the Teeswater River while skating with companions last night and was drowned. His brother also fell through the hole, but was rescued.

HERE TO SEE WORK ON CRYSTAL GARDEN

C.P.R. Representative Will Inspect Progress on Amusement Palace

Basil Gardom, superintendent of C.P.R. western hotel construction, arrived in Victoria this morning from Lake Louise to inspect progress being made on the Victoria Crystal Garden. Mr. Gardom came to Victoria from Lake Louise, where he has been superintending the construction of a 280-room extension to the hotel. A magnificent building will replace the premises destroyed by fire last summer and the Canadian Pacific Railway is preparing to accommodate 700 people at the famous Summer resort this year.

Regarding the Crystal Garden and the possible opening date Mr. Gardom had little to say this afternoon. He had not yet had an opportunity to observe the progress being made but will make a thorough inspection tomorrow. Previous assurances have been given that the building will be open in time for the Victoria celebrations in June.

In formalities with regard to the lease of the building is also looked for with the arrival of the C.P.R. representative. When he was last here he intimated that the company would soon be ready to consider applications along these lines.

HAS OPERATION; D. C. COLEMAN

Montreal, March 3.—D. C. Coleman, vice-president and general manager of the Canadian Pacific Railway's western lines, underwent an operation to-day in the Royal Victoria Hospital here. He was reported to be doing well this afternoon.

MINERS INSISTING WORK BE GIVEN THEM

Idle Men in Cape Breton Call on Company to Reopen Some of the Pits

Also Demand They be Given Credit at Company Stores as Formerly

Sydney, N.S., March 3.—The British Empire Steel Corporation was served this afternoon by the United Mine Workers' Executive with a virtual ultimatum expiring at 3 o'clock to-morrow afternoon and threatening to withdraw the maintenance at Collieries Nos. 2, 4 and 5, unless in the meantime the company reestablishes credit at its stores and gives immediate orders for resumption of work at the collieries named on the basis of four days a week.

The ultimatum was presented in the form of a letter addressed to Vice-President J. E. McLaurie by the executive officers of the union, alleging they had been driven to the step by the distress existing at the collieries involved.

\$500,000 GUARANTEE REQUEST CONSIDERED

Application of Petersen Ship Company is Before British Government Committee

Subsidy Planned by Government of Canada Enters Into the Question

London, March 3 (Canadian Press Cable)—Edmund Peterson, financial secretary of the Treasury, stated in the House of Commons last night that the fact that the Canadian Government had expressed its willingness to give a subsidy to a British company formed under its auspices to run ships in competition with existing British lines in the North Atlantic trade was unknown to the Trade Facilities Committee when an application for a guarantee of \$500,000 under the Trade Facilities Act was made in January, 1924, by the Petersen Company.

In the circumstances, the committee, the Secretary pointed out, regard the new development as a fresh application to be considered on its own merits. He added that if the subsidy should prove unfair or unreasonable to existing British shipping interests, the committee would not be likely to recommend the guarantee.

These deductions, it is explained, were made after careful research of a mass of statistics on the subject, and indicate that a person may add to his book learning and his knowledge of

KING ALFONSO MAY VISIT HERE THIS SUMMER

King Alfonso of Spain may visit Victoria and the North Pacific Coast this summer. King Alfonso has been anxious to visit this country, and particularly the Pacific Coast, since the return to Spain of the Duke of Alba, dispatches from Madrid state. The Duke of Alba, who visited Victoria on his tour last summer, returned home so enthused, that King Alfonso was impressed, dispatches state.

GERMAN ELECTION SET FOR MARCH 29

People Will Then Choose Man to Succeed Late President Ebert

Berlin, March 3.—March 29 was set to-day as the date of the German presidential election at which a successor to the late President Ebert will be chosen.

A funeral service for the late President Ebert will be held Wednesday in the Berg Cemetery in Hildesheim. The service will be held in the Roman Catholic Church. Earlier reports said there would be no religious services. The Socialist Party has announced a fund to erect a memorial to the first President of Germany.

BUDGET CARRIED FURTHER STEP

Council Sets no Fund Aside For Relief Work

The City Council, in estimates committee, last night made much progress with the civic budget, in the course of two hours of debate. Chief interest centred on the abolition of further inclusion of funds for relief work, which has, up to the end of February, cost the ratepayers \$11,750.

An appropriation of \$25,000 under the classification "contingent fund" was authorized, this item covering the relief expenditures already made. A donation of \$500 to the Salvation Army passed without trouble, and \$500 was voted for improvement of Memorial Avenue, provided other funds are contributed from Sanelec, Oak Bay and the Memorial fund as was done last year.

Actual allocation of these two grants was deferred, and will not be made until Mayor Carl Pendray brings the questions before the council with a recommendation as to the amount advisable.

Linen Factory to Be Built at Once In Salem, Oregon

Salem, Ore., March 3.—The contract for the construction of a linen plant was let yesterday by the Miles Linen Mill Company, with specifications calling for a \$35,000 factory.

Machinery for the mill, being shipped from Ireland, is expected to arrive in Salem about May 1. Work on the building will be rushed and the equipment will be installed as soon as it arrives, with the view of beginning operations by the middle of the summer.

Wits Sharpest At Sixteen Years Of Age, Says Teacher

London, March 3.—Human intelligence appears to reach the maximum at the age of sixteen years, according to deductions set forth in a book by Geoffrey T. Thompson, a professor of Armstrong College, Newcastle-on-Tyne.

CEASES TO BE TURKISH PREMIER; FETHI BEY

TURK GOVERNMENT GIVES RESIGNATION

Fethi Bey and Colleagues Leave Office After Governing Since Last November

Constantinople, March 3.—The Turkish Government led by Fethi Bey has resigned.

The Turkish Cabinet formed last November with Fethi Bey as Premier was recently composed with a serious situation due to the outbreak of rebellion in Kurdistan. The rebels, led by Sheikh Said, not only demanded autonomy for their country, but announced their determination to restore the Caliphate, abolished by the Ankara Government. To this end they are reported to have proclaimed Prince Selim, son of the late deposed Sultan, Abdul Hamid, as King of the Caliphate, and have issued an appeal to the population which said: "Your Caliphate awaits you. No Mohammedanism is possible without the Caliphate. The present Government is opposed to religion."

The Nationalists took prompt military measures to quell the insurrection and some fighting has been reported, but there has been nothing to indicate a decisive engagement or that the position of the Ankara Government was in any way threatened. Fethi Bey's regime has also been in dispute with Greece over the expulsion from Constantinople of the Greek Patriarch, Most Rev. Meletios. The Turks held the Patriarch amenable to that part of the Lausanne Treaty providing for the exchange of minority populations. Greece appealed to the League of Nations and the case is scheduled to come before the League Council at its meeting in Geneva next week.

PARI-MUTUELS TO BE CONTINUED, BUT NO MORE HANDBOOKS

That Will Be Result of Decision of Commons on Betting in Canada

Ottawa, March 3.—Legislation to curb handbook betting is to be brought down by the Government. The measure will follow the lines of the amendment to the Good motion on horseracing which was adopted by the House, 198 to 74, at an early hour this morning. This amendment, it passed, will make it illegal to publish selections, odds or similar information with regard to horse racing, except when supplied on a racetrack in Canada during the course of a race meeting legally held. The legislation, it is intimated, will be similar to that which was passed by the House two years ago but failed to get through the Senate.

The latest decision by the House, however, implies that horseracing as now permitted will be continued. An amendment calling for abolition of the present pari-mutuel machine betting was defeated 92 to 77, and in view of that decision it is regarded as very unlikely that the Government will seek to discontinue use of the pari-mutuels.

PATRIOTIC RALLY SET FOR TO-NIGHT

Plans in regard to the patriotic commemoration of Victoria Day will be discussed at a meeting in the Chamber of Commerce auditorium at 8 o'clock this evening, under the auspices of the Men's Service Club of the City Temple.

Major Pendray, Messrs. B. C. Nicholas, J. H. Beatty, and Russell Ker will be the speakers of the evening. Dr. Clem Davies will take the chair.

ALL EVIDENCE IN BOAK CASE TO BE LAID BEFORE JURY AT SECOND TRIAL IN THIS CITY

Court of Appeal Makes Ruling on Ground One of Jurors at First Trial Was Deaf; D. T. Ballantyne and A. D. MacLachlan Were Found Dead on North Quadra Street August 20, 1924; City of Duncan Loses Appeal on Waterworks Contract.

Vancouver, March 3.—Dr. E. W. Boak of Victoria, sentenced to serve four years in the penitentiary on conviction on a manslaughter charge following the finding of the bodies of David T. Ballantyne and Alexander D. MacLachlan on North Quadra Street, Saanich, on August 20, 1924, has been granted a new trial by a judgment of the Court of Appeal handed down when the court sittings opened in Vancouver this morning.

The new trial was ordered, Chief Justice Macdonald announced, on the ground that one of the jurors in the Victoria trial was deaf, but a motion for leave to appeal was dismissed by the court, it being held that the motion was unnecessary in view of the fact that the court considered the question one of law and not of fact.

Reference was made by the Chief Justice to the fact that reports had been spread that Mr. Justice Murphy, presiding at the Victoria trial, had received the undertaking of counsel for the defence that the fact that one of the jurors was deaf would not be used in the event of an appeal. This, his lordship explained to the Court of Appeal judges, was not the case. He had emphatically refused to accept or entertain any such undertaking.

GEOLOGISTS IN SAGUENAY AREA STUDY GROUND

No Topographical Change as Result of Earthquake so Far Reported

Persons Injured and Property Damage in Baie St. Paul Region

Quebec, March 3.—Observations so far made in the Saguenay River region, where the recent sharp earth shocks had their centre, have disclosed no topographical change, according to Dr. Harvey, geologist, Quebec. He said, however, that a further investigation which would be made shortly might disclose something of interest.

BAIE ST. PAUL REGION

Apparently, Baie St. Paul, about sixty miles below Quebec, was the hardest hit by the shocks, although there was no loss of life reported. Several persons were injured. The property damage was very heavy in that locality and the Roman Catholic Church was so badly damaged that services were found impossible. Other properties are reported to have suffered severe damage, and in some cases they were all but completely demolished.

Word was received here from Raoul Simard, a citizen of Quebec, but also having a residence in Baie St. Paul, that his house was in such a state of chaos that it was impossible for his family to continue living there. He said general conditions at Baie St. Paul were very bad.

California Robbers Took Over \$4,000

San Francisco, March 3.—Six armed and masked men entered the Broadway branch of the Bank of Burlingame in Burlingame, a suburb, yesterday, forced Mrs. I. McGilley and Charles Baker, tellers, to lie on the floor and escaped with between \$4,000 and \$5,000 in currency. An automobile identified as one used by the robbers was found abandoned near the San Francisco city limits shortly afterwards.

NO VOTE FOR AGED CONNECTICUT WOMAN

Milford, Conn., March 3.—Miss Sarah Curtis Hepburn, a real daughter of the American Revolution, celebrated her 100th birthday to-day. Commenting on the many changes that have occurred during her lifetime, she said she was especially sorry that women now voted.

DR. BLAZER, COLORADO, CHARGED WITH MURDER

Denver, Colo., March 3.—A first degree murder charge was filed against Dr. Harold E. Blazer, near here, to-day, in connection with the death of his invalid daughter, Hazel Blazer, thirty-two years old.

Dr. Blazer is alleged to have ended his daughter's life by chloroforming her.

PACT WILL HELP TO END RUM RUNNING

Under New Canadian-U.S. Anti-Smuggling Treaty Officials Will Co-operate

By Times Staff Representative
Ottawa, March 3.—Canada's new anti-smuggling treaty with the United States will strike at the root of the liquor running in British Columbia, it developed this afternoon when Premier King explained the full significance of the international compact to the Commons. Under the agreement with the United States Government, Canadian Customs officials will warn United States officials when they have reason to believe craft have been loaded in British Columbia for the purpose of landing liquor or other contraband goods in Washington or California. The closest co-operation between the officials of both countries will be maintained, control of liquor and drug shipments being the chief objective.

BULGARIAN POLICE SEIZE AMMUNITION

Paris, March 3.—Le Matin's correspondent in Sofia reports that the Bulgarian secret service discovered in regions near the Jugo-Slav border various stores of arms and munitions, and seized altogether 1,300 rifles, 15,000 cartridges and 200 pounds of explosives.

At Kustendil, the police arrested seventeen Communists alleged to have indirect relations with revolutionary organizations. At Philippopolis and Varva, secret executive committees were discovered, several persons arrested and quantities of documents seized.

The correspondent believes the police discoveries, taken together, are likely to paralyze to a great extent the activities of the subversive attempts.

NEW SETTLERS COME TO PRAIRIE FARMS

Halifax, March 3.—The White Star-Dominion liner Regina, which docked here yesterday, landed 282 passengers and cargo and mails, including a very rough trip from Liverpool, with the wind at times reaching a velocity of 100 miles an hour.

About 150 of the passengers landed here were Scottish settlers for Western Canada.

Freunze Urging Soviet Russia to Increase Its Army

Moscow, March 3.—Since taking over command of the Red Army from Leon Trotsky, War Minister Freunze has been warning Russia against danger of attack from European

GERMANS TRAINING MANY SOLDIERS NOW

Factories Ready to Produce War Materials, Says Foch's Committee

Paris, March 3.—The opinion of Marshal Foch and his colleagues of the Allied War Committee is that the German Military Control Mission shows that the Germans persist in their determination to maintain a complete staff of officers for an army such as existed prior to 1914.

Also, the committee believes Germany is educating not only officers and subalterns to this end, but under all sorts of camouflage, is training enough young men to mobilize as strong fighting army whenever it wishes to do so.

This, the committee says in a written opinion which the Ambassador General will consider, is of far greater import than the discovery of unauthorized war materials, although it is pointed out that the existence of illicitly manufactured rifles, machine guns and parts of cannon emphasizes the seriousness of the situation.

Among the details of the Control Mission's report to which the military experts refer is the discovery in steel mills of secret shops, walled up from the eyes of the indiscreet, where are stored patterns and moulds for the more important types of cannon, and even unfinished tubes that in a short time could be completed into guns ready to fire. Tips given by German pacifists led to many finds of this sort, including more new rifles than would be required to arm the entire German army on the basis of the Versailles Treaty.

GAS PRODUCTION

Information given by workmen employed in chemical factories led to the finding of conclusive evidence that facilities for the production of asphyxiating gas have been left intact since they existed at the end of the Great War.

The report on this point confirms evidence which the Allies have had for some time to the effect that the Germans had erected new facilities that could almost instantly be converted for the production of vast quantities of the most deadly weapon which the Great War developed and which had just begun to demonstrate how deadly it could be made when the conflict ended. These discoveries, in the opinion of the military experts, are rendered all the more important by proof of the existence of a military staff school and the training of young men of Germany for an army such as that which the country entered the Great War.

CITIZENS' JURY IS RULING ON PLAYS

New Plan For Theatre Control is Being Started in New York City

New York, March 3.—Operation of the citizens' jury plan for reviewing allegedly salacious theatrical productions in New York City began today. Preliminary verdicts upon some of the twelve plays complained of are expected by the end of the week.

The jurors will not know one another until after a play has been reviewed.

Managers will be unaware that their plays have been tried until they receive notice to reconstruct their productions or withdraw them.

After all the jurors have witnessed a play, they will meet. If a play is decided by a nine to three vote to be "as a whole objectionable from the point of view of public morals," it will be ordered withdrawn immediately. If only parts of the play are condemned the managers will be notified to rewrite it. The expurgated version then will be reviewed and a final verdict returned.

The jury's decision will be absolute, because organized actors will withdraw from a play upon which a jury has decided adversely.

APPEAL COURT RULINGS

(Continued from page 1.)

CAMERON VS. DUNCAN CITY

A contract to build a waterworks system for the City of Duncan approved by the Council was concerned in the appeal by the corporation from a judgment of Mr. Justice Morrison in favor of plaintiff, Donald Cameron, veteran waterworks engineer of 661 Hamilton Avenue, North Vancouver. At the trial plaintiff won a judgment for \$2,247.

On appeal defendants' appellant claimed the sum of \$24,479 had been paid to the contractor and that Duncan was still without the anticipated result of the system, a capacity of 500 gallons per minute for household supply. Plaintiff acted as designer of the works, and as the contractor a military staff school and the training of young men of Germany for an army such as that which the country entered the Great War.

COUNSEL APPROVED PLANS

Duncan City contended the plaintiff was liable for the failure of the system, which was designed or else as contractor. Defendant said he had proceeded on plans approved by the corporation at a council meeting.

LOSSES SUFFERED

The home and store of Rene Gagne, Athertown Station, was destroyed with a loss of \$25,000. At St. Felicien, the property of Cy Gagnon was destroyed with a loss of \$20,000, and the College of St. Anne de la Poudre suffered damage of \$10,000, all

THREE DEATHS

In Quebec Province three deaths due to shock were reported. Mrs. Alphonse Auger of Quebec, a young woman and expectant mother, fainted at the time of the earthquake Saturday night and died yesterday morning. Mrs. Wm. Harvey, of Tadoussac, and Mrs. Eugene Bureau, of Ste. Anne de la Poudre, were the other

DOUKHOBORS WARNED

(Continued from page 1.)

TO BE REBUILT

The schools burned will be rebuilt, and the whole cost of this work charged to the Doukhobors. Perhaps they will be able to understand our position when they are thus given to them in terms of dollars and cents. They are pretty stubborn, but when they have to pay the bills for their foolishness they will be more inclined to go easy.

One Doukhobor who was caught and found responsible for setting fire to a school two years ago is now serving a term of three years in the penitentiary.

"For the ones who are found responsible for this latest burning we will press for the full extent of the punishment allowed by law," Dr. MacLean said.

The Doukhobors are being shown that the British Columbia Government means business, as recently the Doukhobors were fined for not paying their taxes, was seized by the Government, and sold.

EARTHQUAKE STUDIED

(Continued from page 1.)

Paul, as an aftermath of the earthquake was very bad, and that many people had suffered great loss.

The customs house suffered damage to the walls, and other properties along the waterfront also show evidence of the quake.

SEVERAL RESOLUTIONS

Resolutions on the programme of the following recommendations:

Action by the Federal authorities to prevent the peach moth from spreading and to protect the growers against adverse markets are the leading objectives of the meeting, which will last three days. At the conclusion of the meeting, the present action to take the form of a ban on nursery stock from infected areas.

A readjustment of customs duties that will impose a twenty per cent ad valorem tax on all imported fruits and early vegetables of a kind that are not produced in Canada, the present duty free basis having the effect of killing the market by the time the Canadian produce is saleable.

Tightening of the Anti-Dumping Act.

Removal of the sales tax and duty on fruit and vegetable grading and other machinery.

Removal of the sales tax on canned goods and domestic production.

A nation-wide advertising campaign to promote the sale and consumption of domestic fruits in Canada.

Development of imperial preference.

FEDERAL WAREHOUSES

Establishment of Federal warehouses to provide for the orderly marketing of apples at fruit centres.

New legislation to compel the provision of an analysts' guarantee on all insecticides and fungicides, and the regulation of the sale of the preparations.

Among the delegates in attendance are P. F. Bishop, of Vancouver, N.C.; Colonel H. L. Mutrie, Vernon, B.C.; P. W. Broderick, Winnipeg, and John Stockton, Calgary.

CHURCH BILL BEFORE ONTARIO LEGISLATURE

Toronto, March 3.—The Church Union Bill was introduced in the Ontario Legislature yesterday. The introduction was purely formal and there was no discussion.

The bill is identical with that of last year except that it includes the provision that the vote now being taken by congregations shall leave to the majority, for or against, the disposal of church property. All other clauses are merely for the purpose of giving the United Church of Canada being so that it may function with the rights of all churches now established.

HIDDEN TREASURE SEARCH IN MOSCOW

Moscow, March 3.—The Soviet Government to-day took steps to excavate under the tower of the Kremlin for the famous hidden treasure of Ivan the Terrible, 1530-1584, said to include 800 volumes bound in pure gold and many Arabian, Persian, Assyrian and Babylonian manuscripts and parchments of priceless value.

The existence of such a library has been known for centuries, but its precise location has never been accurately determined.

RUSSIANS NOT WANTED

Harbin, Manchuria, March 3.—The Chinese authorities have dismissed fifty White Russians, who were engaged as police. The action is causing much apprehension.

RESIGNATION ASKED

Washington, March 3.—Secretary Mellon has called for the resignation of Customs Collector Murray for the district of Hawaii for the good of the service.

MAN GAMBLED AND MAY LOSE BOTH HIS FEET

Sarnia, Ont., March 3.—Thought to have lost all his possessions, including his boots, in a poker game in Detroit, Jules Leymer, a Belgian of Sarnia Township, attempted to walk to his home last night. He is in a hospital here with both feet badly frozen and it may be necessary to amputate them both.

\$20,000 HAUL OF THUGS IN MISSOURI

St. Louis, Mo., March 3.—Five men entered the Mound City Trust Company's office here today, held twenty employees and patrons at bay and escaped with between \$20,000 and \$25,000 in cash.

ENORMOUS METEOR FELL IN CALIFORNIA; VERY BRIGHT LIGHT

San Francisco, March 3.—An enormous meteor was seen to fall north of this city last night. The distance could not be estimated. There was a flare of light similar to that of a skyrocket but many times larger.

POINT GREY PEOPLE ASKED TO VOTE ON UNIVERSITY LANDS

Kerrisdale, B.C., March 3.—The question of taking over the University lands will be put before the people of Point Grey, according to the decision of the council. A by-law was introduced and carried through its preliminary readings for this purpose at the meeting last night.

NEW EMPIRE SCHEME OF FRUIT HANDLING

Marketing Suggestion Made to Ottawa by Canadian Horticultural Council

Ottawa, March 3.—Creation of Empire and Dominion marketing boards, operated under a scheme of state control, to handle the distribution of the products of the fruit and vegetable industry throughout the Empire is to be urged upon the Federal Government by the Canadian Horticultural Council, the official spokesmen for Canada's 35,000 growers who are in annual session here today.

The council, which embraces growers and means to stimulate fruit consumption and to protect the growers against adverse markets are the leading objectives of the meeting, which will last three days. At the conclusion of the meeting, the present action to take the form of a ban on nursery stock from infected areas.

A readjustment of customs duties that will impose a twenty per cent ad valorem tax on all imported fruits and early vegetables of a kind that are not produced in Canada, the present duty free basis having the effect of killing the market by the time the Canadian produce is saleable.

Tightening of the Anti-Dumping Act.

Removal of the sales tax and duty on fruit and vegetable grading and other machinery.

Removal of the sales tax on canned goods and domestic production.

A nation-wide advertising campaign to promote the sale and consumption of domestic fruits in Canada.

Development of imperial preference.

FEDERAL WAREHOUSES

Establishment of Federal warehouses to provide for the orderly marketing of apples at fruit centres.

New legislation to compel the provision of an analysts' guarantee on all insecticides and fungicides, and the regulation of the sale of the preparations.

Among the delegates in attendance are P. F. Bishop, of Vancouver, N.C.; Colonel H. L. Mutrie, Vernon, B.C.; P. W. Broderick, Winnipeg, and John Stockton, Calgary.

CHURCH BILL BEFORE ONTARIO LEGISLATURE

Toronto, March 3.—The Church Union Bill was introduced in the Ontario Legislature yesterday. The introduction was purely formal and there was no discussion.

The bill is identical with that of last year except that it includes the provision that the vote now being taken by congregations shall leave to the majority, for or against, the disposal of church property. All other clauses are merely for the purpose of giving the United Church of Canada being so that it may function with the rights of all churches now established.

MAN GAMBLED AND MAY LOSE BOTH HIS FEET

Sarnia, Ont., March 3.—Thought to have lost all his possessions, including his boots, in a poker game in Detroit, Jules Leymer, a Belgian of Sarnia Township, attempted to walk to his home last night. He is in a hospital here with both feet badly frozen and it may be necessary to amputate them both.

\$20,000 HAUL OF THUGS IN MISSOURI

St. Louis, Mo., March 3.—Five men entered the Mound City Trust Company's office here today, held twenty employees and patrons at bay and escaped with between \$20,000 and \$25,000 in cash.

ENORMOUS METEOR FELL IN CALIFORNIA; VERY BRIGHT LIGHT

San Francisco, March 3.—An enormous meteor was seen to fall north of this city last night. The distance could not be estimated. There was a flare of light similar to that of a skyrocket but many times larger.

POINT GREY PEOPLE ASKED TO VOTE ON UNIVERSITY LANDS

Kerrisdale, B.C., March 3.—The question of taking over the University lands will be put before the people of Point Grey, according to the decision of the council. A by-law was introduced and carried through its preliminary readings for this purpose at the meeting last night.

NEW EMPIRE SCHEME OF FRUIT HANDLING

Marketing Suggestion Made to Ottawa by Canadian Horticultural Council

Ottawa, March 3.—Creation of Empire and Dominion marketing boards, operated under a scheme of state control, to handle the distribution of the products of the fruit and vegetable industry throughout the Empire is to be urged upon the Federal Government by the Canadian Horticultural Council, the official spokesmen for Canada's 35,000 growers who are in annual session here today.

CHURCH BILL BEFORE ONTARIO LEGISLATURE

Toronto, March 3.—The Church Union Bill was introduced in the Ontario Legislature yesterday. The introduction was purely formal and there was no discussion.

HIDDEN TREASURE SEARCH IN MOSCOW

Moscow, March 3.—The Soviet Government to-day took steps to excavate under the tower of the Kremlin for the famous hidden treasure of Ivan the Terrible, 1530-1584, said to include 800 volumes bound in pure gold and many Arabian, Persian, Assyrian and Babylonian manuscripts and parchments of priceless value.

RUSSIANS NOT WANTED

Harbin, Manchuria, March 3.—The Chinese authorities have dismissed fifty White Russians, who were engaged as police. The action is causing much apprehension.

RESIGNATION ASKED

Washington, March 3.—Secretary Mellon has called for the resignation of Customs Collector Murray for the district of Hawaii for the good of the service.

MAN GAMBLED AND MAY LOSE BOTH HIS FEET

Sarnia, Ont., March 3.—Thought to have lost all his possessions, including his boots, in a poker game in Detroit, Jules Leymer, a Belgian of Sarnia Township, attempted to walk to his home last night. 771 Civil Service Positions Abolished

Ottawa, March 2.—The Government has been enabled to abolish 771 positions through the Public Service Retirement Act (or Calder Act), according to a report of the Civil Service Commission on the operations of the act, tabled in the House of Commons yesterday afternoon. A summary of

the report shows the number of retirements, the cost of gratuities and annuities.

As a result of 2,284 retirements, the Government has paid out in cash gratuities \$413,165.44. This was a first and final payment made to employees who were not eligible to receive annuities.

The treasury is now paying out in annuities approximately \$46,460.83 annually. From the commissioners' report it appears a saving of \$471,374.76 has been effected by the operations of the Calder Act.

Two Men Were Killed By Big Explosion

Barnstable, Okla., March 2.—Two men were killed, several were injured and property loss that may reach \$500,000 was sustained when three high pressure stills of the Barnstable Refining Company exploded yesterday. Windows throughout the city were shattered.

MANY BEER LICENSES SOUGHT IN VANCOUVER ISLAND CITIES

Applicants in Union Bay, Sayward, Cumberland and Comox District Advise Intention to Sell "Beer by the Glass or by the Open Bottle for Consumption on the Premises."

The up-Island section of Vancouver Island will be well supplied with premises where beer by the glass can be purchased when the new law goes into effect if licenses are granted to the many proprietors of premises who have announced their intention of applying for them. The number of applicants is growing daily and is now approaching the twenty mark. The applications are in respect to hotel premises many of which are on the Island Highway where it is calculated to reap a profitable business from the harvest of tourist traffic over the road during the summer.

A license in Union Bay is sought by J. C. Willis for the Willis Hotel adjoining the Island Highway in the Nelson district. John Alfred Fraser and Alfred H. Horne also of Union Bay apply for a license for the Nelson Hotel on the Island Highway in the same district. A license is sought by Alex. J. McMillan for the Bevan Hotel at Bevan in the Comox district. John R. Johnston has applied for a license for the Baynes Sound Hotel on the west side of the Island Highway in the Nelson district.

MANY AT CUMBERLAND

Applications for licenses for hotels on Dunsuir Avenue, Cumberland, are made by John Apsel for the Eagle Hotel, Frank Dallos for the Waverly Hotel, Robert Yates for the Union Hotel, V. Macneil for the Vendome Hotel, Victor Bonora for the King George Hotel, William Merrifield for the Cumberland Hotel.

A license in Campbell River on the Island Highway is sought by Charles Thulin for the Willows Hotel. At Merrville a license is sought by R. H. Shaw for premises at the Merrville Cash Grocery.

SAYWARD PROUD OF SUCCESS AT FAIR

Report on Agricultural Show Presented at Development Society Meeting

Special to The Times
Sayward, March 2.—The regular meeting of the Sayward Progressive Agricultural Development Society was held at the home of Mrs. A. Brown. There was a full attendance of members and the meeting proved to be the most interesting one ever held by the society. The chair was occupied by the president, Charles Collett Sr. Correspondence was read by the secretary, J. E. Armishaw, including letters from the Premier, Hon. John Oliver, Hon. Wm. Sloan, P. P. Harrison, M.P., member for the district; P. H. Brown, district engineer; A. Neil, M.P., the Mainland Transfer Co., Vancouver, and Mrs. George Turton, Alberta.

FINANCES

The finance committee in charge of the society's fair for 1924 submitted its final report, which showed the receipts for the fair to be \$378. Disbursements amounted to \$486.46. Material on hand was placed at \$30.15, and cash on hand \$60.39. The report was accepted and a vote of thanks tendered the committee. The president stated that it was very encouraging to have such a splendid report presented, which showed the great interest which was taken in the fair. The society had now three sterling silver challenge trophies—the Lieut.-Governor's Cup, the David Spencer Cup and the O. B. Allan Cup—besides Hudson's Bay gold medal and the Henry Birk's bronze medal. The secretary submitted a report on his recent visit to Vancouver and Victoria as a delegate from the society in connection with the several farmer gatherings in Vancouver, which included the annual meeting of the B.C. Farmers Association. The president congratulated the society on having a man of Mr. Armishaw's capabilities to represent them on such important occasions.

FIRST AID STATION

The question of establishing a first aid station in connection with the Health Centre work was discussed and it was decided that the society should undertake this work. The district nurse gave an assurance that she would be pleased to co-operate.

J. Wallis, Agricultural Fair secretary for 1925, reported that his efforts to obtain the co-operation of the Sayward Farmers' Institute on the Fair had not been successful.

Mrs. J. Long, vice-president, read a very interesting letter from a family in Alberta who had become interested in Sayward through the activities of the society and will probably locate at Sayward.

The committee in charge of the moving picture—entertainments reported that they were proving a success. The members were advised that the society's annual meeting will be held in March. Refreshments were served by the hostess, Mrs. Andrew Brown.

Mrs. E. Lawerson left for a visit to Vancouver on Wednesday.

A branch of the Native Sons of Canada has been formed with a charter membership of twenty-five. Mr. W. Milne has been elected secretary of the Sayward local.

The livestock on the Armishaw farm has been increased by two fine Clydesdale colts three and four years

COWICHAN CREAMERY REPORTS BIG YEAR

Surplus For Distribution More Than Last Year; John N. Evans Retires

Special to The Times
Duncan, March 2.—The twenty-ninth annual meeting of the Cowichan Creamery Association was held Saturday at 11 a.m. in the L.O.O.F. hall, the president, John N. Evans, in the chair. Nearly a hundred members were present.

The directors presented the report for the year ending December 31, 1924, which showed sales of butter amounting to 220,279 pounds. Including bonus distribution the price paid to cream shippers for the year was 48.5 per pound of butter fat. Sales of eggs for the year totalled 225,252 dozen.

SURPLUS

After providing for depreciation, sinking fund and all other expenses, the sum of \$11,164.45 remains as a surplus to be distributed amongst the members, which is about \$1,000 more than last year.

The directors submitted a resolution calling for a further payment of \$30 per share on the capital of the Association. Two amendments to this resolution were proposed, but the resolution put forward by the board was passed by a large majority.

The number of directors has been reduced from seven to five, the following being elected: O. G. Hunt, R. E. Barkley, W. Paterson, E. W. Neel, E. G. Willock.

John N. Evans, who has held the presidency, and also from the board. He has been president of the association since his election in December, 1912.

F. J. Bishop proposed a very hearty vote of thanks to Mr. Evans for his services, and this was seconded by W. P. Jones, who was the first president of the association in 1906.

It was decided to expend a small sum in presenting Mr. Evans with some tangible token of the esteem in which he is held by the members. The new president will be elected by the directors at their first meeting.

Ganges News

Special to The Times

Ganges, March 2.—The committee for the hall at central gave a military band drive at the hall on Tuesday to help raise funds for the addition. After the prizes were distributed and the band played, the committee then at the winning table were Messrs. Geo. Dewhurst, Bill Lundy, Mr. Whims and A. Silverman.

The football game on Thursday afternoon at the Mahon Hall grounds was well attended. Fulford beat Ganges by 1 to 0.

Miss Phyllis Gardner, teacher at North Vesuvius School, is a patient at Lady Minto Hospital with pneumonia.

E. H. Lawson, M.D., C.M.G., has been appointed health officer for the Gulf Islands, Dr. Sutherland having resigned.

Saturday afternoon C. Gardner and family were driving to Ganges. Mr. Gardner stopped on the side of the road to let another car pass. The rear side wheel slipped, and car and occupants rolled down the bank, the car turning over twice. Fortunately no one was hurt.

CUSTOMS COLLECTIONS

Nanaimo, March 2.—Nanaimo customs collections for the month of February totalled \$12,548.08, as follows: Import duties, \$7,380.81; Excise taxes, \$5,937.19; Excise duties, \$1,370.08 and sundry collections, \$110.00.

RAILWAYS AGREE ON RAIL RUNNING RIGHTS

Ottawa, March 2.—An agreement is being prepared which will give the Canadian National Railways running rights over the Canadian Pacific Railway tracks over Kamloops and Campbell Creek, in British Columbia, a distance of about twelve miles, and also between Armstrong and Vernon, which will give the Canadian Pacific Railway running rights over the Canadian National Railways between Vernon and Lumby, and between Vernon and Kelowna as soon as the latter stretches are completed.

CREAMERY REPORTS YEAR OF PROGRESS

Comox Organization Increases Property and Decreases Liabilities

Assets of \$150 for every \$1.00 of liability are shown in the report of the auditor, Frank Porter, for the Comox Creamery Association. The annual report was most gratifying, showing an increase in the property owned by the Association and a decrease in the liabilities. In 1923 the Creamery owned property amounting to \$90,560 and now owns property of various kinds amounting to \$93,074. This shows an increase of approximately \$2,500.00. Liabilities on the other hand have decreased \$3,000.00. Total liabilities to the public amount to \$34,379 as against \$27,147 last year. This includes a mortgage of \$10,900 to the Land Settlement Board and a bank loan of \$10,000. Paid up capital now amounts to \$39,000.00. The Dominion Government has returned to the Comox Creamery the sum of \$40.00 in connection with the over-payment of income tax some eighteen months ago. A decrease of \$13,000 was noted in gross sales, and a decline of \$12,000 in gross profits. A net profit of \$7,848 was shown. The retiring directors for the year Messrs. G. W. Clinton, L. R. Cliffe, H. Hollins and E. T. Hurford were re-elected for the current year.

GENEVA PROTOCOL STATEMENT AWAITED

Chamberlain Probably Will Address British Commons on Thursday Next

London, March 2.—The Cabinet yesterday again discussed the Geneva protocol at a meeting at which the Earl of Balfour, although not a member of the Government, attended on the Premier's invitation in view of his share in investigating the protocol as a member of the Imperial Defence Committee.

Nothing official has been announced concerning the deliberations, but well-informed persons say they tended still further to dissociate the Cabinet from acceptance of the protocol. It is understood the Earl of Balfour emphasized the position of the Imperial Defence Committee, which declared nine of the protocol's sixteen clauses were "wholly unacceptable, while several others would be unacceptable unless considerably modified."

It is expected Foreign Secretary Chamberlain will make a statement to the House of Commons, probably on Thursday.

Woman Denies She Threw Acid On Her Husband

Beverly Hills, Cal., March 2.—Mrs. Bernice L. Day, who was jailed Saturday shortly after she had been released from a Hollywood hospital at which she was treated for poison, is now on bail. She was released yesterday under \$5,000 bond after she had been arraigned and pleaded not guilty to a charge of throwing acid in the face of her estranged husband, Darby L. Day, the son of a wealthy Chicago insurance man.

Orlin Landstrom, who is accused of assisting her sister, Mrs. Day, in the alleged acid attack, also was arraigned, pleaded not guilty and was released on \$1,000 bail.

The preliminary hearing of the young woman will be held March 16, providing Day, who is recovering from his burns at the home of his mother here, is able to appear as a witness, the court announced.

Mrs. Day, in denying the charge, said the acid spilled on her husband when he attempted to prevent her from taking it with suicidal intent.

Four Given Death Sentences in India

Lahore, British India, March 2.—A court has found that the defendants were guilty of conspiracy in connection with the Babar Akali conspiracy case, which was an outgrowth of activities of the "Committee for the Management of the Sacred Sikh Shrines." The Government had declared the committee illegal in 1923. Four of the defendants were sentenced to death, nine to life imprisonment and the remainder to varying terms of some three to seven years.

The arrest and trial of the conspiracy leaders was the culmination of a series of raids and outrages extending over a period of years and which were the result of factional strife within the Sikh community of the possession of the shrines.

INVESTIGATION IS MADE IN MINE AREA

Halifax, March 2.—Hon. E. H. Armstrong, Premier of Nova Scotia, received a telegram intimating conditions exist in Cape Breton threatening the "gravest possible situation" through lack of work. The message was signed by J. W. McLeod, president, and A. A. McKay, secretary of

Bloomers 98c

2 Pairs For

Medium, Large and Extra Large Sizes in Pink or White

A SPLENDID BARGAIN

District No. 26, United Mine Workers of America.

A virtual lockout is alleged in the Southern collieries areas and Sydney Mines.

The Premier has wired T. J. Brown, Minister of Public Works, in Cape Breton, to make an immediate investigation.

The replies of the British Empire Steel Corporation and of the mine workers to Premier Armstrong's proposal for an investigation looking to a settlement of the present dispute, show the company willing to accept a royal commission and accept its

findings, but the men, while accepting the inevitability of the investigation and undertaking to place no obstacles in its way, claim they are "without authority and without inclination to accept in advance the findings of such a commission."

FIRE AT MOOSE JAW

Moose Jaw, March 2.—The building stock and fixtures of the Tuxford Supply Company at Tuxford, twelve miles north of Moose Jaw, was totally destroyed by fire yesterday, with a loss of \$5,000.

THE EARTHQUAKE

EARTHQUAKES APPARENTLY are no respecters of localities. The series of oscillations which shook a large part of Ontario, Quebec, Maritime Provinces and the New England States on Saturday night and continued in modified form on Sunday and yesterday, affected some districts which never before, as far as records show, had been visited by anything of the kind. Certainly not for nearly three centuries has there been an earthquake in Canada causing death and destruction of property until the one on Saturday, the last visitation, according to somewhat vague Jesuit records, having been in 1663.

The locality in which most of the damage was done by Saturday's convulsion was near the mouth of the Saguenay, a tributary of the St. Lawrence, about 140 miles below Quebec and famed all over the continent for the beauty of its scenery. The picturesque village of Tadoussac, a well-known pleasure resort, stands at the junction of the two rivers, and the impression visitors not initiated into the mysteries of earthquakes and their devious ways would derive from the place and its surroundings is that it would be about the last locality on earth that could appropriately be visited by so unseemly a disturbance. The quake evidently was making an extensive round of calls, for it was felt at North Bay in Ontario, hundreds of miles to the west, down in the Mississippi Valley and along the northeastern coast of the United States. Montreal, Toronto, Ottawa and Quebec City shivered from the vibration more than they do from the cold, while New York, Boston and other great United States centres felt the shock with considerable intensity.

The discovery that they are not immune to earthquake shocks of unusual intensity has considerably disturbed some of the big eastern cities. New York with its skyscrapers running from thirty to sixty stories may be reassured by the assertion of experts that its foundation of rock has become so conditioned that it cannot be inconvenienced by an earthquake, but the occupants of the higher floors of these buildings will do some serious thinking about possibilities irrespective of the reassuring verdicts of experts. Montreal, like New York is on an island, but which is not so solidly established in a physical sense, no doubt also will consult the experts. Earthquakes in themselves, however, do not destroy cities in these times. They do a lot of direct damage and cause panics, but the worst thing they do is to cause the outbreak of fire in so many places that the fire-fighting facilities of a community can not cope with it. The destruction of San Francisco in 1906 was caused by fire arising from the confusion of an intense earthquake shock which dislocated the water mains and crippled the fire-fighting service. Most of the damage done in Japan is said to have been from the fire which broke out during the earthquake, although many lives were lost in falling buildings.

There seems to be a difference of opinion among the experts on the origin of the disturbance on Saturday and Sunday. Eastern scientists say it started near the mouth of the Saguenay on a great fault or fracture in the earth's crust which formed in the bed of the St. Lawrence some centuries ago, and which extends as far as Montreal and then southward to Alabama. On the other hand, a professor in Stanford University, California, where they have a somewhat intimate acquaintance with earthquakes, says these phenomena are caused by tremendous undersea pressure which is gradually raising the coastline on both the Pacific and Atlantic, and that the quake on Saturday and Sunday was caused by this pressure either in the Atlantic or Gulf of Mexico. No locality is yearning for this disturbing caller, but there is no question that picturesque little Tadoussac and its neighborhood had the most unpleasant contact with it.

CHEERFUL FIGURES

IN THE YEAR 1920 CANADA imported from the United States goods to the value of \$801,097,318 and exported to that country goods to the value of \$464,028,183. In the following year the ratio was \$836,176,820 in imports to \$542,322,967 of exports. In 1921 the figures were \$515,958,196 for imports and \$292,588,643 for exports. The adverse balance in the trade against this country for these three years thus amounted to \$874,292,541.

In the fiscal year of 1923 Canada spent \$525,453,147 in the United States and sold goods to the value of \$349,292,392. In 1924 the respective figures were \$606,037,420 for imports and \$422,332,474 for exports. For the twelve months ending last January the import figures had been reduced to \$518,006,864 and the export total increased to \$416,517,405. It will be seen, therefore, that an adverse balance of \$874,292,541 for the previous three years has been reduced to \$461,375,160 in the later three. The marked improvement in the condition of the trading account between this country and our neighbor to the South will be the more easily understood by comparing an adverse balance against us in 1920 of \$337,069,135 with that of \$101,489,459 for the fiscal year just ended.

Trade between Canada and the United Kingdom during the last three years has not differed materially in point of value from that of the previous period. Our exports to Britain for 1923-4-5 amounted to \$1,126,363,324 as compared with imports to the value of \$441,677,912—giving us a favorable balance of no less than \$684,685,912. In the previous three-year period the balance in our favor stood at \$643,887,652. The improvement in the country's business, as related solely to the United States and the United Kingdom, is accounted for by our steady decrease in imports from and increase in exports to our neighbor across the water.

In respect of the whole trade of the country the total exports for the fiscal year under review amounted to \$1,076,256,159 as compared with imports to the value of \$799,982,015, or a trading balance in our favor of the respectable sum of \$276,274,144. In 1923 the export figures were \$916,714,817 as compared with an inflow value of \$779,018,901—a favorable balance for that year of \$137,695,916. From this comparison likewise it will be possible to gauge the progress made in the general trade of the Dominion.

It is also interesting to observe, and Canadians have just cause to be proud of the fact, that out of a total export value amounting to \$1,076,256,159 for the year just ended the sale of agricultural and vegetable products is responsible for very nearly two-fifths of the receipts—\$445,378,460—proving very conclusively that much of Canada's prosperity depends upon the product of the soil.

One does not require to be an expert mathematician to understand the significance of the foregoing figures. They reveal steady progress in every direction and ought to suggest to those who are already in the country, and those who expect to come and help us develop it, that Canada has nothing to worry about.

DOMINION FOODS FOR WEMBLEY FAIR

VISITORS TO THE BRITISH Empire Exhibition at Wembley this year will have an opportunity to partake of Empire foods in those Dominion Pavilions which operate their own restaurants. Last year all the catering for the whole of the Exhibition was undertaken by one of the large Old Country concerns and this arrangement made it next to impossible for the Dominions to put in their goods except in a few cases where contracts for certain commodities were obtained. This new policy should be turned into a useful form of advertising Dominion foodstuffs with the British and foreign public and making them popular enough to stimulate a considerable increase in business. In this connection, however, Canada will profit nothing unless a restaurant is added to the magnificent attractions of this Dominion's Pavilion. Absence of such an arrangement last year was frequently commented upon by many thousands of visitors who instantly took a fancy to Canadian butter after having gazed upon the Prince of Wales and his horse fashioned out of that important commodity. And no better advertisement for the numerous articles of food which this country exports to Britain could be devised than an ample opportunity

of tasting it. When Britain takes a fancy to anything, Britain will demand it—tariffs and preferences notwithstanding.

DR. FRANK CRANE
On
The Best Defence

IT IS necessary for every nation to be ready at all times to defend itself. Probably, when you pin him down to his genuine belief, every pacifist will admit this. Only he thinks that a country has a better defence than armies and navies. Perhaps he is mistaken in this. Perhaps the world is not ready for any other form of defence. Perhaps it is necessary for every nation, as for every individual, to be prepared to use its physical force, and stand up for its rights.

There is such a thing as yielding too much to others. But whatever may be the case in this dispute, it seems remarkable to suppose that the best defence of any nation is to make the arts of war. In other words, if in time of peace we can go on developing certain things that can be quickly converted into warlike means, that is the best way. With some modifications, our war fleets and our armies represent pure waste except in time of war. They may do some good in time of peace, but that good is wholly out of proportion to the cost. It takes several million dollars to build a warship, and all the good we get of it is drilling people for some possible war to come. With airships the case is different. Any airship may be available for the business of peace. It can carry letters or mail matter, or express goods, or it can furnish a rapid means of communication from one part of the country to another, or from one country to another. If war comes, all these airships could be immediately converted into weapons of offence.

There are the longest arm yet known. The old arrow used to shoot a few rods; the bullet went further; and the cannon ball further still. The airship is the furthest of all. It can carry offensive weapons many miles from the base. It can flood foreign cities with poison gas, or explosives. Before vessels at sea are helpless. It is the most perfect weapon of offence known, and hence is the most perfect means of defence for a country. That country which develops properly its air force is not only increasing its business in time of peace, but its effectiveness in time of war.

It should be stated also that the price of one man-at-war as set at equivalent to the price of many airships. It is difficult to get away from the past and adopt new methods, but as far as the future can be envisaged, that nation will be dominant which rules the air. It will not only be the most powerful in time of peace, but the most dangerous in time of war.

If necessary, the Government ought to take the lead in the development of our air force.

WORDS OF WISE MEN

Walls of brass resist not
A noble undertaking—nor can vice
Raise any bulwark to make good a
Place
Where virtue seeks to enter.
—Fletcher.

How few are our real wants, and how easy it is to satisfy them! Our imaginary ones are boundless and insatiable.

The time for reasoning is before we have approached near enough to the forbidden fruit to look at it and admire.

There is no study that is not capable of delighting us after a little application to it.

A stubborn mind conduces as little to wisdom or to knowledge as a stubborn temper to happiness.

If self-knowledge be a path to virtue, virtue is a much better one to self-knowledge.

The true use of speech is not so much to express our wants as to conceal them.

Men's thoughts are much according to their inclinations.

Words make truth to sparkle and its rays to shine.

Worth begets in base minds envy; in great souls emulation.

Prejudice and self-sufficiency naturally proceed from inexperience of the world and ignorance of mankind.

'Tis one thing to be tempted, Another thing to fall.
—Shakespeare.

It is a great proof of talents to be able to recall the mind from the senses and to separate thought from habit.

A little management may often evade resistance, which a vast force might vainly strive to overcome.

WHO'S WHO IN HISTORY TO-DAY

TUESDAY, MARCH 3
PONCE DE LEON
Spanish soldier and adventurer, sailed from Spain in search of the mythical "fountain of youth," believed to be located on an island (Bimini) off Florida, on March 3, 1513.

WILLIAM CHARLES MACREADY
English tragedian, noted for his rendition of Shakespearean roles in England and America, was born March 3, 1793.

GEORGE M. PULLMAN
American inventor whose ideas in the construction of the sleeping car revolutionized railway travel, was born on March 3, 1831.

GEORGE DEWEY
Who, in a brilliant campaign, sank the Spanish fleet in Manila harbor shortly after the opening of the Spanish-American war, and took the Philippine Islands, was made an Admiral of the United States Navy on March 3, 1899.

HEALTH & DISEASE

—NO. 24—

First Aid in Poisoning
(Continued)

Poisoning by eating vermin poisons, beetle pastes, rat powders, etc., is not uncommon. Arsenic may enter into the composition of these poisons, or it may be that the chief poison is strychnine. Arsenic gives rise to vomiting and purging. Strychnine causes symptoms resembling those of tetanus, lockjaw, that is to say, spasms of the muscles, attended with pain and exhaustion. There is a prevalent fallacy of an overdose of strychnine, an excessive dose, is in itself an antidote, by causing vomiting, which thus gets rid of the poison. This is so obviously and entirely incorrect that the sooner the public is disabused of it the better. Strychnine is quickly absorbed and sets up its train of symptoms, which may prove fatal unless prompt and efficient measures are adopted to counteract it. The immediate administration of an emetic, mustard, water, salt and water, pepper wine, poking a finger down the throat, any measure that will provoke free vomiting, is as essential in this case as in all other forms of poisoning, and that is all the layman can do. In country districts where there is some difficulty in obtaining prompt medical attendance, repeated doses of a bromide of potassium, largely diluted, may be given after the emetic has taken effect.

Another vegetable poison that is responsible for many fatalities is belladonna, obtained from Deadly Nightshade, whose berries are sometimes eaten. It is contained in some liniments and lotions, and in some eye-drops, any of which may be swallowed "by mistake," or by children. Most little ones have a liking for sucking the unknown and are sold enough to know that, too often, such receptacles contain nasty medicines, and then they are less ready to sample the unknown.

Whenever it is discovered that a lotion, liniment, or eye-drops have been swallowed, give an emetic at once and then enquire what was in the bottle. Sift the contents into the emptying of the stomach as speedily as possible. Strong tea may be given to drink.

Cases have been known of laudanum having been given in mistake for a cough mixture, even with the laudanum bottle labelled with the name of the doctor and adorned with skull and cross-bones. Laudanum is sometimes an ingredient of lotions, which may be swallowed by inadvertence.

It must be taken instead of some other drug, or morphia tablets may be swallowed in mistake for calomel, or just the same as if taken intentionally and may lead to an eternal sleep. A prompt emetic may save a life. Fill the stomach with warm water, and then induce vomiting. Do not let the victim sleep. Make him, or her, walk about, dragging them to their feet if necessary. Whip back and forth with wet towels to rouse them from stupor. In opium poisoning the pupil of the eye is contracted to a pin-point. In belladonna poisoning the pupil is dilated.

It must also be remembered that many remedies in common use, some of which are sold by the ton annually, contain tablets with many poisons attached, aspirin tablets, and similar drugs, are not the simple, safe medicaments they are popularly supposed to be. Grave symptoms have been caused in some persons by their ingestion. Such remedies are not safe playthings. An overdose of the mildest of them is poisonous.

First aid in poisoning is to get the poison out of the system as quickly as possible. In ninety per cent, of the cases where aspirin is taken it is only a mask, a palliative, and does not get down to the real source of trouble. Generally speaking, a dose of epsom salts, or castor oil, is better than a cartload of aspirin.

AESCULAPIUS.

The WEATHER
Daily Bulletin Published by the
Met. Dept.

Victoria, March 2-5 a.m.—The barometer is stationary over the Pacific. A cold, unsettled, mild weather is general from Prince Rupert southward to the State of Oregon. Milder weather prevails in the interior.

Reports
Victoria—Barometer, 30.25; temperature, maximum yesterday, 51; minimum, 38; wind, 4 miles N.E.; rain, .02; weather, rain.

Vancouver—Barometer, 29.39; temperature, maximum yesterday, 52; minimum, 36; wind, 4 miles N.E.; rain, .20; weather, rain.

Kamloops—Barometer, 29.60; temperature, maximum yesterday, 50; minimum, 40; wind, 6 miles S.; rain, .40; weather, rain.

Barkerville—Barometer, 29.50; temperature, maximum yesterday, 48; minimum, 34; wind, 19 miles S.W.; snow, 2 in.; weather, cloudy.

Prince Rupert—Barometer, 29.90; temperature, maximum yesterday, 42; minimum, 27; wind, 15 miles S.E.; rain, .20; weather, cloudy.

Estevan—Barometer, 30.14; temperature, maximum yesterday, 48; minimum, 30; wind, 2 miles S.; rain, .20; weather, rain.

Tatoush—Barometer, 29.74; temperature, maximum yesterday, 48; minimum, 40; wind, 24 miles S.; rain, .62; weather, rain.

Fortland, Ore.—Barometer, 30.40; temperature, maximum yesterday, 50; minimum, 32; wind, 4 miles S.; rain, .04; weather, cloudy.

Seattle—Barometer, 30.36; temperature, maximum yesterday, 48; minimum, 42; wind, 20 miles S.; rain, .12; weather, cloudy.

San Francisco—Barometer, 30.22; temperature, maximum yesterday, 62; minimum, 50; wind, 4 miles S.E.; weather, clear.

Pentagon—Temperature, maximum yesterday, 51; minimum, 38; wind, 4 miles S.E.; rain, .02; weather, rain.

Halifax—Barometer, 30.25; temperature, maximum yesterday, 42; minimum, 27; wind, 15 miles S.E.; rain, .20; weather, cloudy.

Ward Four Spanish Ratepayers' Association will meet in Strawberry Vale school to-morrow night at 8 o'clock. The business will include reports by special committees.

Woodward Scheme For Reverted Lands "Good Business" But Not Necessary

The City Council last night received the following letter from the Royal Financial Corporation, which had been asked for an opinion upon the effect which successful disposal of the city's reverted lands to a syndicate upon the basis outlined by Alderman Woodward, would have on the city's financial credit:

"We do not consider that either the acceptance or rejection of the proposal in question would materially affect the city's credit in the financial world, so long as the annual payments into sinking fund account are taken care of."

HIGH COMPARISON

"We have met with excellent success in the sale of your recent bond issue and have no difficulty in finding a market for the bonds on a 5 1/2 per cent basis for Provincial Government debt obligation bonds and a 5 to 10 per cent for Dominion and Provincial Government guarantees. This is better than the standing of the city of Victoria in the financial world than anything we can say, and we do not think any institution or individual investor takes your reverted lands into consideration when considering your financial position."

FORESEE GROWTH

"We might also add that in our opinion your tax rate is not unduly onerous when compared with that of other municipalities. However, we believe that within a very few years the population of the City of Victoria will have no increased need to make your land very readily saleable, but at the same time if a sale on bloc can be made it will, we feel sure you will agree, be extremely good business."

Local Music House
Introduces Novelty
In Entertainment

Novel musical entertainments have been introduced by Walter F. Evans, Limited, 1113 Government Street, well-known music store, which judging by the public interest, will prove a great success.

Yesterday afternoon, between the hours of 2.30 and 5 o'clock, Art Holt's five-piece orchestra played an attractive programme of the latest dance hits. This orchestra performed for the first time at Walter Evans's store a week ago, and on each occasion large crowds gathered to listen to the most enjoyable music.

Among the number of selections played yesterday were "Doo Wacka Doo," "Dear One," "All Alone," "Lonesome and Truly" and "Somebody Loves Me."

According to R. E. Crane, Limited, manager of Walter F. Evans, local music store, he is well pleased with the success of the two opening entertainments. Concerts will be given each Saturday afternoon from 2.30 o'clock till 5 o'clock.

EVENTS TO COME

The Ministering Circle of King's Daughters will meet for their monthly session at the rest rooms on Friday at 3 p.m.

The monthly meeting of the China Inland Mission will be held to-day at the Y.M.C.A. at 8 p.m.

Rox Theatre, Esquimalt, will be the scene of another jolly dance on Thursday, March 5, from 9 to 12. Art Holt's Orchestra will furnish the music. Delicious refreshments will be served by an able committee.

WINDOW THIEF
HAD BURGLAR'S
KIT, POLICE SAYTwo-year Term For Elderly
Man With Air of a DivineEx-Constable G. Walton Tells
of Exciting Chase

With the carriage and appearance of a clergyman, gold-rimmed glasses, and benevolent grey eyes, John F. Brown, sixty-five, was sentenced to two years' imprisonment for burglary, in City Police Court to-day. Defendant pleaded guilty to the theft of \$1,000 worth of rings from the F. S. Martin jewelry store, 608 Fort Street, and to carrying a .32 calibre revolver loaded in five chambers.

His dramatic arrest was told by former Constable George Walton, who chased the fugitive, recovered the rings, and held the captive until the police patrol arrived. Ex-Constable Walton said he was walking north on Government Street, near Fort, at 3 o'clock on Sunday night, when a crash of glass drew his attention. He turned up Fort Street and heard a cry of "That's him" from across the street.

A STRUGGLE
Witness saw the accused emerge from the entrance of the jewelry premises and gave chase. The elderly man showed a surprising turn of speed, and it was not until a block had been covered that the chase ended. Witness said the accused struggled to reach his hip pocket, but was prevented from doing so. A short scuffle took place in which a tray of rings, valued at \$1,150, fell to the ground. Witness, with the aid of a man who arrived at the scene, held the accused until the police arrived.

A \$3,000 CREDIT

The police evidence was to the effect that officers searching the man found the loaded revolver and \$60 in his effects. Later, in a search of the hotel room he occupied they uncovered a flashlight, two files, a short stick with a hook attached, and a three-pound stone in a handkerchief, one of the nearest rings of pass and skeleton keys attached to a key ring. In a case at the hotel room were found a pass book on an American bank and a cheque book. The book showed a credit of over \$3,000. On his own behalf the accused pleaded guilty to both counts, theft, and possession of a loaded revolver. He would throw himself on the mercy of the court. He was an old man, and continued the accused, and could not think what had driven him to attempt the robbery. The man had a good record in Seattle, said a wire from Chief of Police W. B. Severyn, read to the court.

C. L. Harrison asked that a sharp lesson be imposed on the accused, who, he said, had been with all the tools that are to be found in a professional burglar's kit. The robbery was barefaced, and made by the accused when he actually had money in his pocket. The flashlight and pass keys were indicative of the habits of the accused, he would submit.

Magistrate Jay concurred. A sentence of two years on the robbery charge, and one of one month on the other count, to run concurrently, would be imposed, he said.

EIGHT RINGS MISSING

Applying for relief as to the broken window, a plate glass one valued at \$180, Frederick Lansberg, on behalf of the owners, secured the payment of the \$80 taken on the person of the accused. In a statement Magistrate Jay pointed out that eight of the rings were still missing. Of sixty-three rings on the tray, fifty-five were found, and eight were missing. The eight missing, valued at \$150, had rolled on the street, and presumably been picked up by the crowd that gathered. Any person harboring them would be liable to prosecution, said the court.

CITY REALTY OFFICE
DOES BIG BUSINESS

Reverted Lands Produce \$63,250 in Sales and Rents in 1924

The extent of the city's municipal real estate business was revealed at last night's session of the council, when the annual report of the reverted lands committee was presented.

Since the department was founded, 257 sales of lands have been effected by commissioners W. G. Cameron, these properties having an actual sales valuation of \$272,088. During the year 1924 the city sold forty-seven properties at a price of \$24,355.

Sales of reverted lands under agreements of sale totaled 114, of these the purchasing parties have completed ten agreements by final payments, while the remaining 104 are mostly in good standing, with unpaid balances due the city totaling \$104,932.

In the past year the city realized no less than \$63,250 in cash from the operations of the reverted lands department, of which \$27,765 was earned by rentals of buildings.

In the report the committee shows the gradual recession of reversions from the peak of 1920, and that it is now ten years since the city first experienced the unpleasant sensations attendant upon tax sale reversions. To-day the city owns 2,943 parcels, assessed at \$6,715,550 as to land, and \$580,190 for the improvements. These properties are carried on the city's book at a valuation of \$2,365,462.76.

Pyorrhea is a disease of the gums—not the teeth

You may take good care of your teeth and still get Pyorrhea. Once Pyorrhea secures a firm hold, pus pockets form, gums become weak and flabby, the teeth loosen and fall out no matter how white and sound they may be.

Forhan's means healthy gums

It contains the right proportion of Forhan's Astringent, as used by the dental profession in treating Pyorrhea. Forhan's protects the gums, keeps them in a firm, healthy condition, and leaves the mouth sweet, fresh and wholesome. If you don't care to discontinue your regular tooth paste, at least brush your teeth and gums once a day with Forhan's.

Forhan's is more than a tooth paste; it checks Pyorrhea. Thousands have found it beneficial for years. For your own sake ask for and get Forhan's For the Gums. At all druggists, 35c and 60c in tubes.

Formula of R. J. Forhan, D.D.S.
Forhan's, Limited, Montreal

FOR THE GUMS

More than a tooth paste—it checks Pyorrhea

URGES CLOSE WATCH
IN THE RHINE ZONE

French Defence Council Insists on Permanent Surveillance After Evacuation

Paris, March 2.—To maintain the control over Germany's armaments which France deems essential to her security, permanent surveillance must be established in the neutralized Rhine zone immediately after evacuation of that area by the occupational troops, Paul Boncour declares in an interview in The Matin to-day. M. Boncour heads the Higher National Defence Council, an investigating committee which has just formulated an opinion on the project at the request of Premier Herriot in view of the forthcoming Geneva conference which is taking up the question of control over Germany.

"The demilitarized zone will be all that is left to us of the Versailles Treaty," M. Boncour continues. "It will be to-morrow our sole guarantee. We shall, therefore, ask that the League install there permanent control organizations to be in a position to report instantly the least infraction. It is at that price alone that we can consent to abandon the Rhine."

Girls' Council is Making Progress

The first meeting of the Girls' Council of Victoria was held in the Y.W.C.A. Building on Saturday. Thirty-seven girls were present, including the president and one other representative from each C.G.L.T. group in the city. The girls gathered in the dining-room at 6.30 to partake of the dairy supper which they themselves had provided. Thirty minutes was allowed for this part, which is called the "think-talk-and-eat" period, and results showed that their object had been fulfilled. The subject under discussion was: "Is Promotion Week Worth While?" It was unanimously decided that promotion week is very much worth while, as it brings this splendid branch of girls' work before the public, as well as providing funds for carrying it on.

Supper over, the girls enjoyed a short sing-song, and after the business and devotional periods, an inspiring talk on the subject of the evening was given by Miss Beale, the sponsor of the council.

It is interesting to note that this work has been so successful in Canada as to attract the attention of our American neighbors to such an extent that the Provincial Secretary has been invited to go to Seattle and explain to them in detail the aims and emblems of the organization.

A. PEPALL CASE

Los Angeles, March 3.—The Canadian Government began its battle before United States Commissioner Raymond I. Turner here to-day for the removal of Andrew Pepall, wanted in Toronto on various charges of embezzlements. Pepall's attorneys indicated the removal would be strongly resisted, but their request for a dismissal to the ground that the complaint was not valid was denied by the commissioner.

DAVID SPENCER, LIMITED

ECONOMY FEATURE OF INAUGURATION

Less Display at Event in
Washington To-morrow
Than in Years Past

Coolidge Desires it so; His
Words Will be Broadcast by
Radio

Washington, March 3.—The
crowding memories that hover over
Pennsylvania Avenue will be stirred
more by contrast than by new splen-

dor of pageantry when President
Coolidge steps out of the White
House to-morrow to renew his
covenant of faith as the chosen
leader of the United States.

He will be carried swiftly over the
route to the Capitol that many great
men before him have traveled on
similar errand; about him will be the
jingling of cavalry trappings, the clat-
ter of trotting hoofs, the glitter of
uniforms and other symbols of the
great significance of this four-year
stone in United States history. Yet
on his short journey to remake his
oath of high service and on the
westward return up the broad street,
the man about whom it all centres
will perceive evidences on every
hand of the policy of sober frugality
he has himself marked out.

FROM SMALL BEGINNING

Back through the years as Presi-
dents have come and gone, the in-

augural grew from small beginnings
into a mighty spectacle. Each suc-
ceeding accession to the presidency
saw some new addition to the pomp
and circumstance of the ceremonies.
The return march to the White
House became a mighty parade, led
by a host of soldiery and partici-
pated in by a vast column of citi-
zens.

Here, once in four years, marched
the striding future commanders of
United States armies and naval ar-
madies, cadets from West Point,
midshipsmen from Annapolis. Here
marched regiments of foot soldiers,
sailors and marines in honor of a
new commander-in-chief. Battery
after battery of rumbling guns rolled
past the tens of thousands gathered
from every part of the country to
witness the great event. No cost
was spared that it should be a fit-
ting tribute to the new chieftain.

A NEW DAY

But a new day has come; a new
policy to govern all the show and
parade has been laid down. It is the
decree of the President himself that
while the public purse needlessly
be observed with due decorum and
with such ceremony as befits the in-
stallation of the head of a mighty state,
it shall not lead to lavish expenditures
nor drain the public purse needlessly.
For that reason there has been no
long haul transportation of
troops to march in the parade. The
cadet and midship regiments will be
conspicuous by their absence. Only
those military and naval organiza-
tions will take part that are sta-
tioned close to Washington and have
their own transportation.

The Harding inauguration of four
years ago marked a swing of the
pendulum away from a period of
lavish display and pageantry which
would have staggered the fathers
had it been suggested in the days of
the republic's infancy.

RADIO AS AN AID

The inauguration of Coolidge will
come closer to the nation as a whole
than any of the gigantic spectacles
of March 4 in the past. It will
have a personal meaning for
untold millions of citizens who
will hear it all, from sea to sea and
border to border, through the magic
of modern radio communication. No
man can say how many millions this
year will hear the President repeat
the oath that binds him for four
more years of heavy responsibility.

THE FIRST TIME

Four years ago, when Warren
Harding stepped forward on the
stand that had been raised across
the east front of the Capitol, for the
first time the solemn words of the
presidential oath and of the declara-
tion of faith and purpose were car-
ried out over the great throng that
jammed the wide plaza. Telephone
amplifiers carried every word and
inflection to every individual within
sight of the inaugural stand and to
other thousands around the corners
of crowded buildings or on distant
cross streets. They were carried, too,
by telephone to gatherings in distant
cities and here and there were picked
up and repeated into the air by radio
broadcast.

GREAT PROGRESS

But in the four years since then
vast progress in radio communica-
tion has been achieved. Broadcast-
ing of great events has become the
rule, not the exception, and millions
of people scattered over thousands
of miles of plain and mountain have
been brought into instant touch
through the harnessing of the
strange currents that stray through
the air. Hardly a house anywhere
but now thrusts up slender fingers

of wire to grasp at the hurrying
message; impulses that leap across
thousands of miles in a breath to
tell their story.

NEXT GREAT ADVANCE

So it comes that those who fill
the great stand prepared at the Cap-
itol for the Coolidge inauguration
to-morrow will be an almost neg-
ligible fraction of the vast audience
of citizens into whose ears will sound
the solemn pledge of duty and ser-
vice. And who knows but that to-
morrow, four years hence, millions
will see as well as hear what trans-
pires? The wizardry of science is
confidently facing that problem even
now, hopeful that the day is almost
at hand when the messenger cur-
rents will carry sight as well as
sound to the waiting millions.

DISLIKE THE PLATFORM

An aversion to public speaking is
one of the characteristics of the ad-
ministration to be inducted into of-
fice to-morrow. Neither President
Coolidge nor Vice-President Charles
G. Dawes regards himself as an or-
ator, and both dislike the public plat-
form.

The important public addresses
made by Mr. Coolidge in the nine-
teen months since he entered the
White House could almost be
enumerated on the fingers of one
hand. As Vice-President he made a
number of addresses with several
trips into the Middle West and one
journey to the Pacific coast, but he
recently announced that during the
coming summer, when there will be
no session of Congress to keep him
in Washington, he intends to make
only as many speeches as will be
necessary to keep in touch with the
people of the United States.

NOT EASILY CONVINCED

Mr. Dawes bore the forensic brunt
of the Republican campaign, but Re-
publican National Committee offi-
cials are prepared to tell all in-
quirers that the Vice-President is
not easily convinced that during the
administration will be relieved
during the next four years by utter-
ances from public platforms by Mr.
Dawes.

Friends of Mr. Coolidge have been
telling him since the election that he
owes some sections of the country a
visit, and so plans are under con-
sideration for trips in May to Texas
for two addresses, and in June to Min-
neapolis and St. Paul to speak at the
Norse-American Centennial cele-
bration, and later in June to Massa-
chusetts to deliver an address at the
anniversary of the Battle of Bunker
Hill.

HIS MOTTO

Whether Mr. Dawes can be per-
suaded to fill some of the speaking
engagements that Mr. Coolidge is
unable to take, the course of the latter
when Vice-President sometimes did
for President Harding remains to be
seen. Friends of Mr. Dawes, how-
ever, expect him to confine himself
rather closely to his prescribed du-
ties as Vice-President. He has one
motto as a speaker, and that he has
expressed in this way:

COOLIDGE GUARDS HEALTH

With the heavy duties of the pre-
sidency upon him, Mr. Coolidge has
maintained a routine of daily life out-
lined by physicians and found by ex-
perience as best to keep him in
health. Soon after his election to the
Presidency he established the
custom of taking two daily walks of
half a mile each about the streets
near the White House, one before
breakfast and the other before din-
ner. This practice he still follows,
rain or shine. Soon after he entered
the White House he essayed horse
back riding, but finding it took an
undue amount of time out of his daily
minimum, he installed in his dress-
ing-room a mechanical horse, con-
trolled by electricity and designed to
provide the same exercise as a canter
over the bridle path. He takes a turn
at this two or three times a day.

The President's hours for meals
never vary. He goes to bed each
night about 10 o'clock, gets eight
hours' sleep, and takes a nap after
lunch. He finds relaxation in week-
end trips with friends aboard the
yacht Mayflower, where business
rarely is transacted.

BREAKFAST TALKS

Nineteen months have seen the es-
tablishment of a new custom at the
White House breakfasts. Arising
early, Mr. Coolidge dislikes to waste
the morning hours, and so when he
has a problem to discuss with mem-
bers of Congress or some committee
he invites them to an 8 o'clock break-
fast and threshes the matter out over
buckwheat cakes and sausage.
Conferences, whether at breakfast
or later in the office, are used by Mr.
Coolidge to elicit information. He
tends to do, but with the information
in hand he makes his decision quietly
and announces it with a casualness
that is sometimes distracting to those
most interested.

REMEMBERS VOTES

Conflicts with Congress over tax
revision, the soldiers' bonus, postal
pay and the Japanese exclusion pro-
vision of the immigration bill marked
his initial year in the White House,
and he has shown plainly that he does
not soon forget a vote by a Republi-
can Senator or House member ad-
verse to his policies. The Senate in-
vestigations disturbed, but did not
worry him. Gradually he has sought
more and more to exercise his influ-
ence with Congress, but his success
with a Congress elected on a plat-
form with him remains to be seen.

AEROPLANE TO AID SUGAR CANE GROWERS

Honolulu, March 3.—Negotiations
for the use of army aeroplanes to
"bomb" the sugar cane fields of
Hawaii with preventive dust in the
fight against the eyespot pest are in
progress between headquarters of the
Hawaiian department of the army
and the Hawaiian Sugar Planters'
Association, and it is expected the
initial experiment probably will be
made within a few months.
The work will be along the same
lines as the method used in Texas and
other states where aeroplanes have
been used in dusting cotton fields to
combat the boll-weevil.
The estimated annual loss to plan-
tations on Oahu Island through the
effects of the fungus causing the
eyespot disease is \$100,000.

Saskatoon Pushes To Front By Smart Win Over Maroons

Vancouver Players After Better Scoring Averages; Individual Effort

Saskatoon Gave Lehman His Busiest Night of Season; Lalonde Plays Great Game

Western League Standing									
	P.	W.	L.	D.	P.	A.	Pts.		
Saskatoon	28	16	11	1	102	75	32		
Vancouver	28	16	12	0	84	63	32		
Calgary	27	11	0	0	53	73	22		
Edmonton	28	12	1	2	97	109	24		
Vancouver	28	12	16	0	91	102	24		
Regina	27	8	19	0	70	118	16		

Vancouver, March 3.—In a game that was crammed full of action from the toot of the opening whistle until Mickey Lehman called a halt in the final session, Vancouver Maroons wound up their season at the Arena last night on the short end of a 6-4 count at the hands of Newswy Lalonde's Sheiks from Saskatoon.

The prairie team, on the play, deserved to win for they were all over the ice all the time, back-checked the home team into subjection and forced Hughes Lehman to put up his best game of the season. Had it not been for the eagle-eyed person, the score might have gone into double figures, for Hughes gave a magnificent display of getting the goat of the Sheiks' attackers from close range. The visitors rounded and pierced the local defence at will and had many opportunities to beat Lehman from only a few feet.

The home team had a slight margin on the play in the first frame but with the exception of about ten minutes in the final count, the visitors had it over the Maroons at all stages. They were tireless back-checkers and showed enough zip and dash to win a half dozen pennants. Lalonde was in wonderful form and while he showed no great amount of speed, his head work enabled him to break through for two fine counters. Incidentally, Newswy drew the only red check of the night when he went off for ten minutes for cross-checking Mackay and trying to give him the butt end of the stick as of yore.

SASKATOON HAD RESERVE

Vancouver led at the end of the first twenty by 2-1, but this was the only time in the picture in which the Maroons were serious, although trouble threatened when Joe Matte tied up the count in the third. The Sheiks had plenty of reserve, however, and at that stage injected a new first string forward line into the battle and both of them—Lalonde and Denney—came through with sizzling goals.

Mickey Mackay added two goals and an assist to his string which puts him at the head of the league scoring averages. With Calgary and Regina teams engaged in the final scheduled fixture, Mickey appears to be safe in his crown title of scoring king.

LINE-UP									
Vancouver	Goal	Saskatoon	Goal	Lehman	Defence	Hainsworth	Defence	Denney	Forward
Mackay	Defence	Reise	Defence	W. Cook	Forward	Lalonde	Forward	Gordon	Forward

PENALTIES
First period—Lalonde, 10 minutes.
Second period—None.
Third period—None.

Australia to Send Strong Tennis Team After Davis Trophy

London, March 3.—Announcement of the make-up of the Australian Davis cup lawn tennis team was made here today. The team will consist of James O. Anderson, Capt. Gerald L. Patterson and J. B. Hawkes. The team will sail for America June 4.

Turf Record Which Has Stood 52 Years Broken at Tia Juana

San Diego, Cal., March 3.—An American turf record that has stood for almost fifty-two years was shattered Sunday afternoon at the Tia Juana racetrack when Just Right, a six-year-old gelding, ran the 2 1/2 miles of the Marathon claiming handicap in 4 minutes 50 2/5 seconds, lowering the previous market by set Hubbard at Saratoga on August 9, 1873, by nearly eight seconds.

Dethroned Again

WILLIE HOPPE

Chicago, March 3.—Young Jake Schaefer, who in 1921 tore the 18.2 balk-line billiard crown from the brow of the veteran Willie Hoppe, has the best chance of the six competitors, including Hoppe, to take the title in the international tournament here. The veteran Hoppe, present champion, relaxed his grasp on his honors last night when he was beaten by Edouard Moremans, Belgian champion, 400-36 in seven innings. It was his second defeat, he also has succumbed to Erich Hagelacher.

Victoria Tennis Club Looking For A Banner Season

Most Successful Annual Meeting Held Last Night; Dr. E. W. Boak New President

One of the most successful and enthusiastic meetings in the history of the Victoria Lawn Tennis Club was held last night at the Belmont Building. Sixty-four members were in attendance. Interest was very keen, due to the fact that the Canadian tennis championships will be staged here in 1925.

Dr. E. W. Boak, well-known tennis devotee, was unanimously elected president of the club for the ensuing year. Rev. Carroll was elected vice-president. The honorary officers elected were as follows: Honorary President, His Honor Walter C. Nichol, Lieutenant-Governor of British Columbia; honorary vice-presidents, Mrs. James Dunsmuir, Sir Henry Thornton, C. F. Todd, Mayor Carl Pendray, His Honor Judge Lampert, R. P. Butchart and Dr. A. B. Hudson.

RE-ELECTED J. G. BROWN
J. G. Brown, who has been secretary-treasurer of the club for a great many years, was again elected to the position. Those present paid a great tribute to his untiring efforts. The following were elected members of the committee: Mrs. (Col.) A. E. Hodgins, H. S. Flett, T. H. Leeming, J. F. Proctor, Mrs. S. L. K. Verley, J. F. Meredith, F. A. Jackson and Mr. Strenfield.

In the reports for the year it was shown that the club was in a sound financial condition, the membership being 465, which included non-paying, junior, life and active members. Nineteen new members were elected last night. With the interest that was shown last night as a forerunner the club is looking for a banner year.

Tommy Milton Wins Opening Auto Race

Culver City, Cal., March 3.—Tommy Milton won the 250-mile automobile race here on Sunday afternoon. He averaged 128.23 miles an hour. Peter De Paolo was second, Robert McDonoghue third and Harry Martz fourth.

Calgary Hard Hit

Calgary, March 3.—Calgary Tigers' chances of defeating the Capitals in the final game of the season at Regina on Wednesday, which would give them the league leadership and the bye into the playoffs, were given a rude jolt last night when it was announced that Herb Gardiner, defence player, had been stricken with an attack of lumbago and was confined to bed under medical care. With Marvin Dutton, the other regular defence player, out for the balance of the season suffering from a wrenched knee, the Tigers will go into the final and most important game badly handicapped. The Gardiner-Dutton defence is said to be the greatest in pro hockey.

There is still much speculation as to which club will gain the bye into the Western Canada Hockey League championship. Last night's victory for Saskatoon eliminated Victoria from the lead and put the issue up to the game in Regina to-morrow night when Calgary plays the Capitals. If Calgary win they take the bye, but should they lose Saskatoon gets the honor.

Victoria must now go through the process of elimination. If Calgary loses in Regina they will immediately head for the Coast and play against Victoria here on Monday night. If Calgary does succeed in winning Saskatoon will be here for a game on Friday night against the Capitals.

The way things are shaping up now Regina should win to-morrow night. They will catch the Tigers in very poor shape with both their star defence men, Dutton and Gardiner, out of the game. This will make it necessary for Reg Mackie, the young recruit who has been playing a good defensive game in place of Dutton, to pair on the defence with Eddie Oatman, who, though a stout defensive player, lacks both the ability and stamina of Gardiner. Calgary has no other man that can hope to make the defensive position. They will more than likely keep Sparrow or MacFarlane back as a third man.

Regina is right on form. George Hay, the man whom the team has been built around, is back in the game and the club has a good rest since its game last Wednesday against Saskatoon. If the Caps play to form they should win by a comfortable margin over the sorely demoralized Calgary club.

WOULD HELP COUGARS
If Calgary is beaten it will be hailed with delight here as the Cougars will have all the advantages with them in the first stage of the playoffs. Eddie Oatman's boys will be forced to make the long road trip from Regina to the Coast and no club has made that jump this season and arrived in form. Victoria was all at sea on its return from Regina, losing out to Calgary, while Saskatoon was soft pickings for Victoria last Saturday, following their jump from the Saskatchewan capital.

If Calgary cannot get either Dutton or Gardiner back in condition the Tigers should not present too great an obstacle to Victoria, following the game here next Monday, the clubs will journey to Calgary and play the second game. The team which scores the most goals will then move on to Saskatoon for the first game. The final game will be staged on the home ice of the other successful team.

SASKATOON WILL BE TOUGH
Should Calgary manage to slip a win over Regina the Cougars will have to take on Saskatoon and they will be assured a very tough assignment as the Sheiks will be in fine shape following their rest up in Vancouver.

Outlaws Can Gain Intermediate Title In Match To-night

Falcons Must Win if They Wish to Have Any Chance of Retaining Honors

To-night at the Memorial Hall the championship of the intermediate "A" division is at stake, when the Falcons, last season's champions, meet their closest rivals, the James Bay Outlaws. A win for the Outlaws would decide the championship in their favor, whereas a win for the Falcons would tie up the league standing, making a playoff necessary.

Bud Hocking, Eljack McKenzie, Joe Ross, Doug, Robertson, Bill Murray and Skilling will endeavor to keep the title in the Falcons' possession. Passmore, Dunn, Tommy Wachter, Kenny, McLennan and Stan, Moore are with the Outlaws this season.

The Axioms intermediate girls will meet the St. Mark's five to-night, and a good hard game is expected. To-night's games are as follows:
7 p.m., Intermediate "A" boys—First Presbyterians vs. Metropolitans.
7:35 p.m., Intermediate girls—St. Andrew's vs. Christ Church.
8:15 p.m., Intermediate girls—Axioms vs. St. Mark's.
9 p.m., Intermediate "A" championship—Falcons vs. James Bay Outlaws.

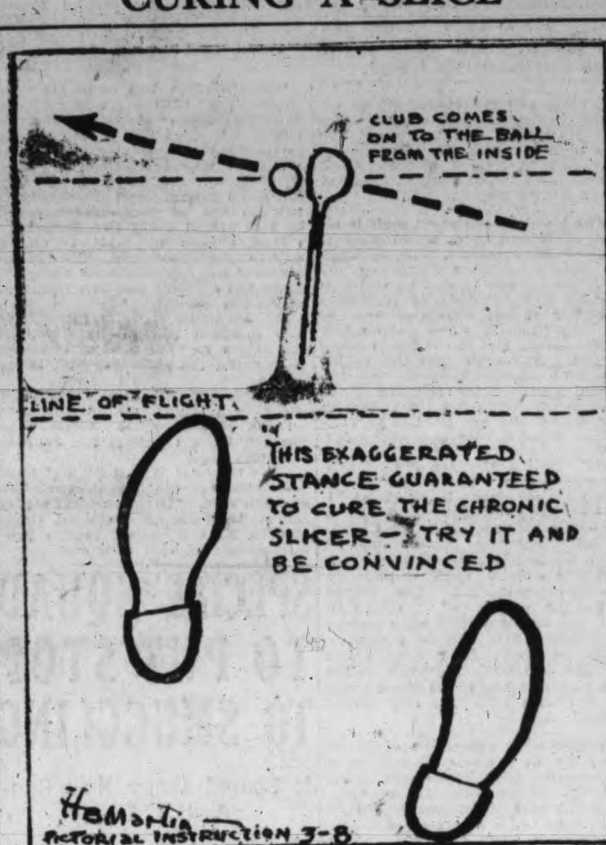

TERRIS WINS DECISION

Newark, N.J., March 3.—Sid Terris, New York lightweight, received the newspaper verdict over Pal Moran, of New Orleans, in a twelve-round bout here last night which was enlivened by trouble among spectators at the ringside during the fifth round. Police were called to restore quiet. Terris weighed 124 and Moran 125.

Pictorial Golf Instruction

By H. B. MARTIN

CURING A SLICE

Once a golfer went to an instructor and offered him a hundred dollars if he could suggest a practical and a ready cure for slicing. The pro knew his business and immediately took the contract to set the duffer right. He suggested that he advance the left foot almost fifteen inches beyond the right in what can be termed an exaggerated closed stance.

The duffer balked at this absurd idea but tried it and found that the slice disappeared on the very first shot and in its place came a hook. The stance is suggested for immediate relief only. After one grasps the idea of hitting from the inside, as he must do in this case, he can gradually advance the right foot to a normal position.

Australian Victory Practically Assured

English Cricketers Must Get 366 Runs for Five Wickets if They Hope to Win Fifth and Last Test Match; Grimmett, Slow Bowler, Again Puzzles Visiting Batsmen; Sutcliffe Fails to Get a Run

Sydney, N.S.W., March 3 (Canadian Press Cable).—England is faced with the almost impossible task of obtaining 366 runs with five wickets in hand to win the fifth and last of the present series of test matches with Australia. The Englishmen went in for their second innings to-day after the Australians had all been dismissed for 325 runs and when stumps were drawn at 5.15 this evening, England had lost five wickets for only 88 runs.

Grimmett, the Australian slow bowler, who is playing in his first test match and who was mainly responsible for keeping the first score down to 167, was again the great factor in the English collapse. He had the batters completely puzzled, his slow ball being particularly effective on the perfect wicket.

Combining with Grimmett to make an English victory practically hopeless, was the stubborn batting of the locals. When the match was resumed this morning, they had lost six wickets for 293 runs. Despite Tate's superb bowling, Kellaway and Oldfield added respectively 73 and 65 to the Australian score. Kellaway batted steadily for three hours and 20 minutes. Oldfield for two hours and 45 minutes.

SUTCLIFFE FAILED TO SCORE
The English collapse before Grimmett's bowling was apparent from the start. Hobbs was stumped when he reached 13, and Sutcliffe was bowled before he could score. Sandham added 15 and Woolley 28. Henderson was good for ten and Hearne scored 19 when stumps were drawn. Tate has taken 28 wickets in the present test series of five matches, breaking the record of 36 by Mailey in the 1920 tour and the record of 34 made by Barnes in 1911.

Score: Australia—First Innings, 293.
England, Second Innings:
Hobbs, c Oldfield, b Grimmett, 13
Sutcliffe, b Gregory, 0
Sandham, lbw, b Grimmett, 15
Woolley, c Andrews, b Kellaway 28
Henderson, c Oldfield, b Grimmett, 10
Hearne, not out, 18
Whysall, not out, 1
Total, for five wickets, 325
Extras, 15

Bowling Analysis
Gilligan, one for 46; Tate, 5 for 115; Kellaway, none for 54; Hearne 2 for 84; Woolley, one for 14.
England, Second Innings:
Hobbs, c Oldfield, b Grimmett, 13
Sutcliffe, b Gregory, 0
Sandham, lbw, b Grimmett, 15
Woolley, c Andrews, b Kellaway 28
Henderson, c Oldfield, b Grimmett, 10
Hearne, not out, 18
Whysall, not out, 1
Total, for five wickets, 325
Extras, 15

Roller Hockey

Three fast roller hockey games are on the card for to-night at the V.I. gymnasium, Victoria West. All games are to commence at 7.30 sharp.

The games will be as follows:
Ninety pounds—Eagles vs. Sumas Rangers.
One hundred and ten pounds—Central Stars vs. Cedar Hill Rovers.
One hundred and thirty pounds—Foul Bay vs. C.P.R.
Other games this week will be as follows:
Thursday, March 5: Midgits—Haultains vs. Bluebirds; ninety pounds—V.I. Midgits vs. Rangers.

Semi-final Match In Jackson Cup to Be Played Saturday

Veterans Meet Esquimalt at Royal Athletic; Juvenile Game Added Attraction

Poaching Charge Dismissed By Lower Island Board; One Wednesday Game

Only one Wednesday League football match will be played to-morrow with the United Services meeting the Hudson's Bay at the Royal Athletic Park. Hewison will be the referee and the match will commence at 4:45 o'clock. This will be the last game in the Wednesday League. The Teamsters have won the trophy. Starting next week the Wednesday teams will play in a new series for the Hayward Cup.

In the new series each team will meet the other twice and the team leading the league at the final will gain possession of the trophy presented by Victoria's ex-mayor.

On Saturday afternoon one semi-final game of the Jackson Cup series will be staged, the Veterans clashing with Esquimalt at the Royal Athletic Park. The game is scheduled to start at 3 o'clock, with Saunders handling the whistle.

An added attraction will also be put on, the Fox Bay juvenile eleven meeting the Nanaimo Foresters in a semi-final game to decide the B.C. championship. This match will start at 1:45 o'clock, and it is expected a large crowd of fans will turn out to see the youngsters perform. As the juvenile league is short on funds the Football Association will donate twenty-five per cent of the gate receipts.

At last night's meeting of the Lower Island Football Board the charge made by the North Wards that the Veterans had poached two of their players was brought up for discussion. Due to the Veterans having no evidence to back up their charge the case was dismissed.

Since he was the first Wednesday League player that had been sent off the field this year Garrington, of the United Services, who was on the carpet, got off with a censure.

Oarsmen Ask Grant For Expedition to Portland Regatta

The James Bay Athletic Association last night asked the City Council to grant \$500 towards the expenses of oarsmen to be sent in July to the Portland Regatta of the North Pacific Amateur Association of Oarsmen. The cost was estimated at \$1,000, and the association requested to be able to defray one-half of this sum.

It was pointed out that the advertising would be valuable to the city, and it was intimated that, with new shells acquired recently, the oarsmen from Victoria could be expected to make a worthy showing at the regatta. The request was referred to the estimates committee.

"Y" Quintette Won Fast Hoop Game at Willows Last Night

Two keenly fought games were seen last night at the Willows in the City Basketball. The results were as follows:
Y.M.C.A. 20, Rockland Academy 14.
Victoria College 12, Navy 8.
In the first game overtime had to be played before the winner was decided, the teams being tied at full time. As a result of their victory the "Y" team retained their leadership in the "C" men's league.

Scottish Star of Links Wins Golf Title of Atlantic

St. Petersburg, Fla., March 3.—Tommy Armour, of Miami, former amateur golf champion of Scotland, won the coast open golf tournament here yesterday with a score of 289 for the 72 holes played over the Pasadena Golf and Country Club course.

GRIMSBY GAINS A TITLE
Grimsbey, Ont., March 3.—Grimsbey won its first C.H.A. championship of any kind when the Peach Kings defeated Kingston 5 to 3 in the second game of the intermediate final here Saturday night and taking the round 11 to 4, the score of the first game played in Kingston being 3 to 1. The game here was one of the fastest and cleanest of the season, but the superior speed of the Peach Kings and their combination proved too much for their opponents.

VETERANS WORK OUT
A workout of the Veterans' football team will be held to-night in the Veterans of France clubrooms, commencing at 7.30 o'clock. All players are requested to turn out.

In Real Form

VIC FOLEY

In Toronto last night Foley, the Vancouver boy who holds the bantamweight championship of Canada as well as the Pacific Coast, convinced the fans there that he is a genuine champion. He won a decision over Howard Marberry from whom he took the title by a knockout in three rounds six weeks ago.

Basketballers To Play Benefit Games For Temple

Two Fine Games Arranged For Friday at High School Gym; Expect Big Crowd

On Friday evening at the High School gymnasium two snappy basketball games will be staged, the proceeds of which will be handed over to the benefit fund for Ivana Temple, the local hockey star who received serious injury a few weeks ago. Four of the best teams in the city have been selected to play, and a large crowd is expected to be on hand when the whistle blows.

The Civil Service and the High School senior girls will clash in the opening game, which should be a thriller from start to finish. The second game will be between the fast stepping Falcons and the C.P.R. None of the teams needs any introduction, being well-known among local basketball fans. The Falcons met the C.P.R.'s some time ago in the City League, and for Ivana Temple to come out on top by a 29-18 score. Now, however, the railroaders have greatly improved, so that a fast hard game is anticipated.

The first game will commence at 7.30 o'clock, and will immediately be followed by the men's game.

DANCE TO FOLLOW

After the games, which will be over by 9 o'clock, an informal dance will be held on the gym floor, the music being supplied by Ozard's orchestra. It will continue until 11:45.

B.C. Football Teams Have Not Parted From D.F.A.

Davidson of Dominion Body Denies Statement Emanating From Eastern Canada

Montreal, March 3.—There is absolutely no truth in the statement emanating from Eastern Canada Football Association officials that six prominent British Columbia teams have withdrawn from the Dominion Football Association, according to an announcement made by Sam Davidson, secretary of the D.F.A.

At the conclusion of the British Columbia league which was held in Vancouver last night, Davidson, under consideration for several years, but has been deferred on account of transportation difficulties. There has never been any question of the clubs withdrawing from the British Columbia Association or the D.F.A., as the teams have never even considered such action. This statement is confirmed by John Russell, vice-president of the D.F.A. in Vancouver.

Foley Still On Top

Ninth round—Foley landed a left to the head, Marberry landed one, two, and both landed lefts. Foley kept on top throughout the round.

Tenth round—Marberry showed action but found Foley willing, and the latter had the best of the exchanges. Marberry drove in two rights, but Foley shot in a tantalizing left. Marberry landed with his left. Foley sent a left to the body. The round was the best of the bout and both boys gave and took. Foley caught Marberry on the chin as the fight ended. Foley's round.

Vic Foley Proves Himself a Master In Toronto Bout

Made Very Impressive Showing Against Marberry, Winning a Handy Decision

Form Best He Has Shown in East; Leaving For New York to Seek Title

Toronto, March 3.—Vic Foley, of Vancouver, bantamweight champion of Canada, advanced another rung in his quest for the bantamweight championship of the world, when he retained his title after ten rounds of spectacular battling against Howard Marberry, of Hamilton, former champion, last night. Foley clearly showed his superiority. He outboxed and outpunched Marberry, who took considerable punishment.

Marberry, although beaten, deserves great credit for his gameness. Although outclassed, he battled gamely and tried hard all the time for a knockout.

Foley's lightning-puzzled Marberry, and that, coupled with a piston-like left jab which Foley used time after time, swung it to Mayberry's face, helped the champion pile up a lead which could not be cut down, although Howard fought furiously in the first round in an attempt to land a knockout. Foley was too strong, however, and met Mayberry more than half-way. He came back and both boys stood toe to toe and swapped punches to the end of the round, with Foley having the edge.

OFF FOR NEW YORK
It is understood that Foley will leave for New York shortly to meet some of the best string bantams of the United States as a contender for the world's championship.

In his appearance here a few weeks ago against Jackie Johnston, of Toronto, Foley was not very impressive but last night he demonstrated that he is a worthy titleholder. He was given credit for a margin in seven of the ten rounds and while this was not great, the total count left no doubt as to his superiority.

The champion's chief weapon was his left hand, and he kept this in Mayberry's face most of the time. He tied Mayberry up at close quarters and scored a number of punches, a considerable extent. Marberry scored practically all of his points at long range. In the sixth and seventh Mayberry showed some shifty footwork and jabbed away with his left and this style of attack proved the hardest for the champion to solve.

Foley showed himself to be much cleverer than in his bout with Johnston. At times he staggered the challenger with sharp punches to the jaw. The earlier rounds were in his favor. He was quicker at close quarters, driving his left to the face and playing to the body. In the tenth, Mayberry's only chance of winning was a desperate route, and he started in aggressive style, but found Foley more than anxious.

MAYBERRY STAGGERED
First round—Both sparred for a while, landing light taps. Foley staggered Mayberry with a left. Foley was slightly the more aggressive and landed a few lefts. Mayberry was tied up in most of the rounds and landed few clean punches.

Second round—Mayberry was more aggressive, but Foley had a strong defence. Mayberry jabbed away with his left, but Foley was damaging. The champion was the better boxer and had a slight edge.

Third round—Foley sent Mayberry on one knee with a slip to the face. Foley landed a few at close quarters. Both had several good openings, but failed to inflict any damage. Foley opened up with both hands.

Fourth round—Foley opened for the first minute, Mayberry's footwork making Foley miss several times, but Foley got at close quarters and scored a number of punches. Mayberry landed a right uppercut. Mayberry danced around and sparred cautiously.

FOLEY MARKED
Fifth round—Mayberry made use of his footwork and had a slight edge in the opening minute. He later landed with both hands. Each drove a right to head. Mayberry landed with his left to the face and had Foley badly marked.

Sixth round—Mayberry followed up his good footwork, but finally Foley got inside and landed with both hands. Mayberry sent in three left without a return. Mayberry made Foley miss several times. He frequently sent in his left and had a margin, placing them on almost equal terms. Mayberry's round.

Seventh round—Foley sent Mayberry left and landed both hands. Several exchanges at close range were in Foley's favor, who continued to hold the advantage at the end of the round mainly through his left.

Eighth round—They exchanged lefts to the head. They opened up. Foley landing to the body a rich hook. Mayberry landed two lefts. Foley replied with a left that jarred. Foley's defence had Mayberry puzzled.

FOLEY STILL ON TOP
Ninth round—Foley landed a left to the head, Marberry landed one, two, and both landed lefts. Foley kept on top throughout the round.

Tenth round—Marberry showed action but found Foley willing, and the latter had the best of the exchanges. Marberry drove in two rights, but Foley shot in a tantalizing left. Marberry landed with his left. Foley sent a left to the body. The round was the best of the bout and both boys gave and took. Foley caught Marberry on the chin as the fight ended. Foley's round.

DIED

CARSON—On Sunday afternoon, March 1, 1925, passed away at the family residence, 1141 Yates Street, Mrs. Carson, nee Carson, aged 67 years and 2 months, a native of Andover, Scotland, and a resident of this city for the past 25 years. She leaves to mourn her loss her husband, Thomas Carson, Sr., two sons, Frank A. Carson, Jr. and Thomas J. Carson, Jr., of this city.

The remains are resting at the Thompson Funeral Home, 1625 Quadra Street, from where the funeral will take place on Wednesday afternoon, March 4, at 2 o'clock, when the Rev. W. B. Wilson, D.D., will conduct the service, after which the remains will be laid to rest in the family plot at Ross Bay Cemetery.

NOTICE TO CONTRACTORS

Fuel for Public Buildings, Victoria, B.C. SEALED TENDERS, in triplicate, will be received by the undersigned up to 12 o'clock noon on Tuesday, the 17th day of March, 1925, for supplying and delivering COAL required at the Provincial Government Buildings as enumerated hereunder, during the fiscal year ending March 31, 1926, to be delivered in such quantities and at such times as may be directed during the period above stated.

The approximate annual consumption of coal at each of the buildings named is as follows:

Best Washed Nut Coal	Tons
Parliament Buildings, Victoria	1,000
Best Lump Coal	
Parliament Buildings, Victoria	180
Government House, Victoria	110
Court House, Victoria	60
Provincial Normal School, Victoria	90

The above mentioned quantities are not guaranteed; the quantity actually required may be under or above the figure stated.

Tenders to be based on ton of 2,000 lbs. Tenders must state name of mine from which coal is to be supplied. Each delivery must be accompanied by an official weigh-master's certificate. Weighing charges borne by Department. Tenders must be made out on forms which may be obtained from the undersigned.

Tenders shall be accompanied by an accepted cheque in the sum of \$100.00 on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, which will be forfeited if the party tendering declines or neglects to enter into the contract when called upon to do so.

The cheques of unsuccessful tenders will be returned upon the execution of the contract.

The lowest or any tender not necessarily accepted.

Tenders must be signed by the actual signatures of the tenderer.

JAMES PATERSON, Purchasing Agent, Parliament Buildings, Victoria, B.C., March 2, 1925.

SAANICH MENTAL HOME

Colquitz, B.C. SEALED TENDERS, in triplicate, will be received by the undersigned up to 12 o'clock noon on Tuesday, the 17th day of March, 1925, for supply of GROCERIES, MEAT AND BUTTER, FISH, BREAD, FEED AND FODDER, BOOTS AND SLIPPERS, CLOTHING, DRY GOODS, COAL, for the use of the above institution, and the furnishing of the furniture, for the fiscal year ending March 31, 1926.

All supplies to be delivered at the Home without extra charge, in such quantities and at such times as may be directed during the period above stated. Lists and samples of goods required may be seen at the Home.

Two acceptable tenders for the due fulfillment of each contract will be required.

Tenders must be made out on forms which may be obtained from the Superintendent of the Home, or the undersigned.

The lowest or any tender not necessarily accepted.

JAMES PATERSON, Purchasing Agent, Parliament Buildings, Victoria, B.C., March 2, 1925.

TRANSPORTATION OF TROOPS DISCUSSED

French Gave Permission to Turkey to Move Men by Rail Across Syria

British Government Points to Possibility of Influence on Mosul Question

Paris, March 3.—The British ambassador to France, Lord Crewe, called on Premier Herriot last night with reference, it is understood, to the permission given by the French Government for the transportation by rail across Syria of Turkish troops sent to repress the revolt in Kurdistan.

France in 1921 gave assurances to Great Britain that the use of the railroad never would be granted for Turkish operations against Britain. The French view is that if the Turkish troops are solely intended for local police purposes, Britain has no ground for objection.

But the British Government is said to feel that it will have the right to complain if the Turks use the facilities afforded to bring about a concentration near Iraq with a view to influencing the decision of the League of Nations Council which is about to attempt the settlement of the Anglo-Turkish differences over the Mosul district of Iraq.

Italy Intends to Pay Her War Debts

Washington, March 3.—The new Italian Ambassador, Giacomo de Martino, said in presenting his credentials to President Coolidge yesterday, that his Government had a "sincere intention of meeting its international obligations."

The President replied that such assurances "establish a precious guarantee to the desired end."

Neither the Ambassador nor Mr. de Martino had been asked to make any statement regarding Italy's intention of paying her war debts.

SCHOOL FINES

Winnipeg, March 3.—Action taken by the Department of Education to force old colony Mennonites remaining in the Morden district to conform with the Manitoba school attendance laws has had its sequel in the Morden court, where several cases were dealt with and parents fined. Dr. R. Fletcher, Deputy Minister of Education, stated today:

The best sort of revenge is not to be like him who did the injury.

"Best Thing in the World For Delicate Girls"

Mrs. John Bennett, Boggy Creek, Man., writes:

"My little girl had organic nervous trouble, could not sleep, had severe headaches and fainting spells. This went on for three years, and three doctors helped her very little. After reading of what Dr. Chase's Nerve Food had done for others, I got some for her. She is now so well that she is like a different child. She is fourteen years old and looks the picture of health."

"We have used Dr. Chase's Nerve Food for several members of the family, when recovering from 'flu' and scarlet fever, and it has always helped them."

ESQUIMALT COUNCIL MAKES HEADWAY ON ESTIMATES FOR YEAR

Rate, if Present Figures Hold, Will Remain Same as in 1924

If figures given for the tentative estimates in Esquimalt this year remain unchanged, the rate will be the same as in 1924, namely 22.50 mills, composed of school and general levies. The only difference that affects the itemizing of the rate this year is the fact that liquor profits, previously lodged to the schools, will be placed with the Council. This will show a higher school rate and a lower council rate than formerly, but leave the total unchanged.

By diligent application the Esquimalt Council, in session last night, worked its estimates into the state of completion in the rough. School Board estimates had been previously passed, as had the council's own estimates. Last night the meeting settled the public works figures, approving the engineer's recommendation on a revised plan.

Councillor Nicol protested that the engineer's figures did not include a sum for work on the two parks, but no action was taken, though discussion wavered back and forth on the point for some time. The by-law authorizing the rate will be introduced shortly, after committees have again rechecked their figures to see that the whole are inclusive.

SEDDER APPOINTED

Gerald H. Sedger, Vancouver Island Soldier Advocate, was elected from three applications to fill the solicitorship of Esquimalt municipality. E. V. Finland, the retiring officer, resubmitted his name. Ballot was 4-3 in favor of Mr. Sedger. One Vancouver barrister submitted his name, but as the Esquimalt Council had already made up its mind to prefer local talent where possible, his application did not receive a vote.

Further consideration to the gallant's occupation the major discussion of the evening. Estimated public work, referred back to the engineer for a slicing of programme were returned to the council totaling \$31,148. This includes \$27,457 for road work, keep, sidewalks and general work, and a further \$3,691 for sewer maintenance. They were adopted.

Police estimates passed to the council from the police commission in their present form call for \$7,395, as against \$7,130 last year. This includes approximately \$1,000 for the machinery of a police court; \$200 for rent of city jail facilities; \$300 for uniforms, \$300 for the chief's car, and other items.

General estimates, as considered by the council in committee of the whole at the last regular session were laid before the meeting totaling \$25,145. This includes general estimates of \$20,250 and extraordinary estimates of \$4,895, of which latter \$1,000 is for fire equipment.

An item of \$2,400 for the operation of the fire department is included in the general list, totaling \$3,400 that is asked this year. The increase amount came upon representations made by Fire Marshal J. A. Thomas who claimed Esquimalt's fire equipment as inadequate. A representative of the firm which sold the municipality its first fire truck will come to the coast to negotiate further in the matter.

SETTLE HOSPITAL DISPUTE

One of the outstanding actions of the meeting was the acceptance of a flat rate plan for the payment of the agreement. Once on new ground the municipality will pay at the rate of \$100 per month, thus reducing their indigent patients' bills to a known factor for which provision can be made. The council made no secret of the fact that the flat rate plan was very acceptable to it.

A solicitor's ruling on sewer rentals guided the council in the disposition of a complaint. A householder, with a sewer project four feet above the ground, had complained from paying on a sixty-four-foot frontage. The solicitor's opinion was asked, and it is that payment is for services and not for frontage, though as frontage assessment are usually proportionate to the amount of service it had been based on that plan.

Sewer service even without any frontage may be charged, in that case the amount being one in fair and reasonable proportion to the general assessment in the district, said the solicitor. The ruling is of some importance to the municipality as it settles argument in 161 cases that might have arisen out of the present circumstances.

The consideration of matters involving public expenditure should be in open meeting, declared Councillor Evan Andrew Burnett, opposing a motion to go into committee to discuss estimates further. Committee

Documents Must Take Chance For One More Year

Council Again Refuses Funds for Vault for Legal Department

Alderman Woodward last night made a hard fight, when the City Council was sitting, to secure a committee, for appropriation of \$1,300 for construction of fireproof vaults, chiefly for the use of City Solicitor Pringle. Only Alderman Dewar supported this appropriation. Alderman Todd suggesting that extremely valuable documents be collected into packages and ensconced in safety in the treasury department safe.

Alderman Marchant urged that the old jail building be reconstructed as a safety deposit annex to the City Hall, but Alderman Blair feared that a fire would be even more perilous in that structure.

Aldermen were reminded that the provision of safety deposit facilities had been a hardy annual at the estimates debates of many recent years "but always met the same fate, to be referred to next year's council."

City Would Like To Get Freedom From Stamp Taxes

The City Council last night adopted a resolution, submitted by the London, Ont. Council, asking the Federal Government to exempt municipalities from the necessity of affixing stamps to receipts, cheques and notes. A copy of the resolution will be sent to Dr. S. F. Toole for presentation to Hon. Mr. Bureau, and the London City Council will be informed as to the amount Victoria City has paid out in stamp taxes in recent years.

meetings gave freer discussion, thought the Reeve. Anything that should be said could be said in open meeting persisted Mr. Burnett, and won his point.

The meeting was notified of the blanket reduction of twenty per cent made on the only two appeals taken from its court of revision. The item was received without comment.

RED CROSS SHOP IS WORKING UP SUPPORT

Employs Thirty Disabled Men; Has Payroll of \$1,500 a Month

Manager Gives Information to Chamber Directors

Information on the operations of the Red Cross Workshop in Victoria was contained in a letter from S. H. Okell, manager, read at the meeting of the directors of the Chamber of Commerce yesterday, in which he pleaded for support for this deserving industry.

The Workshop represents an industry of no mean proportions, he pointed out. There is a \$10,000 plant equipped with machine saws and other woodworking machinery. Over thirty disabled soldiers are employed. The monthly payroll is over \$1,500. To keep these men in steady employment co-operation and increased public patronage is essential.

Mr. Okell asked for the workshop to be included in any list of local industries published and extended an invitation to the directors and members of the industrial group to visit the plant.

POLICE CONTINUE PARKING DRIVE

Taxicab Companies Are Not Exempt From Regulations in By-law

The city police drive on motorists in the campaign of enforcement of the regulations proceeds apace. A number of taxicab companies in the city police court yesterday, dealing with alleged infractions of the by-laws in various respects.

H. B. Olson, Alderman Dewar, Company, protested a summons for two of his fleet which remained longer than an hour at the curb. He was fined \$20, and the law, which he considered a good one, but had been advised that taxicabs were exempt, he said. There were no exceptions, ruled the court, imposing a fine of \$1.

C. H. O'Halloran, charged with failure to display a rear light on a standing car, paid \$5. Cecil Hall, charged with driving to the common danger, was fined \$20, admitting through counsel, a breach.

Some criticism was raised against the parking by-law, but the court ruled that as the by-law stood it had to be enforced equally against all sections of the motoring public.

POLICE BODIES TO WORK IN CLOSER HARMONY THIS YEAR

Deductions From Liquor Profits Certified by Police Commission

"I do not think the charges for provincial police services will this year be anything like as high as in the past," Mayor Carl Pendray last night assured Alderman Marchant, when the latter questioned a certificate from the Police Commission as to the accuracy of the provincial deduction of \$3,542 from last year's liquor profits apportionment to the city.

"Was it not possible for our own police department to have done this work which the commission certifies to?" demanded Alderman Marchant. "You are a member of this commission, Mr. Mayor, give us the facts about this."

Mayor Pendray pointed out that save for items totalling about \$200, the deduction of \$3,542 was all for expenses incurred in 1923, these being chiefly centred in two expensive lawsuits.

The mayor assured the council that hereafter closer co-operation between provincial and city forces, would be the rule, "when we want special men for special jobs, the provincial police will supply them," he said.

Barbering Parlor Raised Water Bill; Owner Complains

Ald. Shanks Battles for Fellow Tonsorial Artists' Claims

The equity of charging water meter rentals on residences where one room is used as a store was before the City Council last night, when E. Hartley appealed for relief in respect to high water charges, levied on his home, because one front room is used as a barber shop.

The question was referred to the finance committee and water commissioner, with power to act, after Alderman J. A. Shanks had taken up the cudgels on Mr. Hartley's behalf. Alderman E. Woodward doubted the legality of action prior to amendment of the by-law.

Mayor Pendray remarked that many cases exist of increased water charges on partially converted residences, due to the provision of the waterworks by-law that business places shall pay water meter rentals, of which residences are exempted.

SEWER PROBLEMS BEFORE CHAMBER

City Should Help Residents on City's Outskirts, Members Claim

From a health point of view it would pay the city of Victoria to allow residents of Poul Bay Road, although not in the city limits, to connect their property with the city's sewer, Percy R. Scourrah claimed at the meeting of the directors of the Chamber of Commerce yesterday. He referred to the property of a new resident who had been unable to secure permission to connect with the sewer because of the long dispute between Saanich and Victoria, and through which the new resident was made to suffer. He had been told it would cost him \$100 to connect up with the sewer, but he did not see why he should be "made the goat" when other property owners on the same street had been given connections without charge. Mr. Scourrah said the people in these districts spent money in Victoria and the city in a measure benefited. Alderman Todd briefly reviewed the history of sewer problems of Saanich and Victoria. He pointed out the \$100 expenditure called for would be repaid when Saanich paid the city its indebtedness on the Northwest sewer. The expenditure was less than the cost of building a septic tank and was a small matter for a man who

PROTEST TO WHITE FATHER—Indian chiefs of the Yakima tribe of the state of Washington have journeyed there to protest to the "Great White Father" that they have been deprived of hunting rights on their own reservation, rights guaranteed to them under the treaty of 1855. President Coolidge is shown between two of the chiefs on their visit to the White House, Sis-Elt-Palmer, (left) and Youkosh Owhi.

BAKE YOUR OWN BREAD WITH

The standard of Quality for over 50 years

had already spent \$5,000 or \$9,000 on his property.

The way to meet the situation was for the three municipalities to get together or failing that to have an arbitrator and abide by his decision.

Mr. Scourrah urged that it was good business for Victoria and only fair that a man under such circumstances should be given permission to connect his property with the sewer.

A motion was passed that the city of Victoria and the municipalities of Oak Bay and Saanich be asked to get together in an effort to reach a settlement on the Northwest sewer. It was also decided to appoint a committee on the matter.

ORPHANS BENEFIT FROM WILL OF LATE JOSEPH JENKS

City Fathers Find Law's Pitfalls Demand Careful Procedure

The pitfalls of the law were well illustrated at last night's session of the City Council, when City Solicitor Pringle gave details of legal complications made to enable the will of the late Joseph L. Jenks to be carried out without heavy court charges.

The late Mr. Jenks was a Victoria resident, and died on October 3 last. Always interested in orphans and their betterment, the deceased had left a carefully drawn will which, in all its sections disposing of a widely scattered and valuable estate, reiterated the following dramatic paragraph: "Make no mistake—I want everything I own at the time of my decease to go to orphans, as no one has ever helped me to make one cent of this estate."

COURT CHARGES AVOIDED

Because of some slight technicalities, a threat of suit to break the will by the sister of the deceased, Mrs. Emma Jenks Hamlet, was viewed seriously by the legal advisers of the B.C. Protestant Orphans' Home, the Sisters of St. Ann, the Oriental Home and School and City Solicitor Pringle. An arrangement was therefore entered into, whereby the revenue from the Victoria property, a twelve-apartment block at the corner of Menzies and Niagara Streets, will be equally divided between the orphanages and Mrs. Jenks Hamlet, while properties in other cities will be disposed of according to the will of the deceased. The city is appointed trustee under the terms of the bequest.

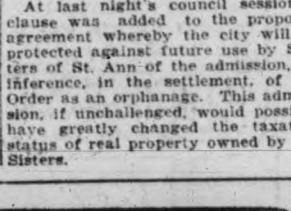

ANOTHER PITFALL

At last night's council session a clause was added to the proposed agreement whereby the city will be protected against future use by Sisters of St. Ann of the admission, by inference, in the settlement of the Order as an orphanage. This admission, if unchallenged, would possibly have greatly changed the taxation status of real property owned by the Sisters.

WELL-KNOWN ART DEALER IS DEAD

The death took place Saturday afternoon at the Royal Jubilee Hospital of George William Neil, aged sixty-four years. Born in Drogheda, County Louth, Ireland, he had been a resident of this city for the past thirty-one years. The late Mr. Neil is survived by his widow residing at 1604 Pembroke Street, two daughters, Mrs. H. Thompson, of 1608 Pembroke Street, and Mrs. F. Gill, residing at home; also three grandchildren. He conducted an art store in this city for twenty-nine years and for many years was with the Fifth Regiment. The funeral took place this afternoon at 2 o'clock from the Sands Funeral Chapel, Rev. F. A. Chadwick officiating. The remains were laid to rest in Ross Bay Cemetery.
